(*2*) Where it is found to the satisfaction of the prescribed authority that no tax is leviable under this Act on the entry of any taxable goods entering a local area on the ground that they are not for consumption, use or sale in such local area, and the assessment is nil under sub-section (*2*) of section 5, the prescribed authority shall grant a transport pass certifying that no tax is leviable under this Act.

(*3*) When the prescribed authority is satisfied that the tax assessable on such goods under section 5 is otherwise than nil and the tax assessed has been paid in full, the prescribed authority shall grant a transport pass certifying that the tax leviable on the entry of such goods has been duly paid.

(*2*) Subject to prescribed conditions, such a pass shall be sufficient authority for transportation or removal during the prescribed period from any notified place of a series of consignments of such taxable goods so that the aggregate amount of tax leviable in respect of all such consignments does not exceed the amount of the deposit.

(*3*) Where any consignments are transported or removed under a transport pass referred to in sub-section (*1*), the prescribed authority shall adjust against the deposit, the taxes assessed in respect of the consignments in such manner as may be prescribed.

(*4*) Any amount of the deposit remaining at the credit of the dealer at the end of a prescribed period shall, on his application, be refunded to him, or may, at his option, be credited towards any deposit in respect of any future period for which he may want to take a fresh transport pass on making a deposit under sub-section (*1*).

Short-levied taxes.

**9.** When any tax leviable under this Act in respect of the entry of any taxable goods has been short-levied through inadvertence, error or misconstruction on the part of the prescribed authority or any person appointed under sub-section (*2*) of section 3, or through misstatement as to the quantity or description on the part of the dealer liable to pay tax in respect of such goods, or for any other reason, the dealer shall pay the deficiency, on demand being made within three months from the date of the assessment; and the prescribed authority may refuse the transportation or removal from a notified place of the taxable goods or any part thereof not yet transported or removed until the deficiency is paid in full.

Entry of goods in a local area without bill of entry or payment of tax.

**10.** (*1*) When it appears that any taxable goods, in respect of the entry of which tax is payable under this Act, have entered a local area and no bill of entry was delivered and no tax was paid in respect of the entry of such goods as required under the foregoing sections, the prescribed authority shall proceed, in such manner and within such time as may be prescribed, to assess the tax to the best of his judgment and direct the dealer by whom the tax is payable, to pay it on demand; and the prescribed authority may, in addition, direct such dealer to pay a penalty not exceeding one and a half times the tax assessed:

Provided that the prescribed authority may, in respect of any particular dealer, for reasons to be recorded in writing, extend the date of such payment or allow such dealer to pay the tax payable and the penalty, if any, directed to be paid, by instalments.

## GOVERNMENT OF WEST BENGAL

### DEPARTMENT OF LOCAL SELF-GOVERNMENT AND PANCHAYATS

### RESOLUTION

No. 1/M.I-74/62.—2nd January 1963. — The administration of the Bally municipality in the district of Howrah has been engaging the attention of Government for some time past. The municipality was inspected by the Inspector of Local Bodies, Burdwan Division, in July last and again by the Sub-divisional Officer, Sadar, Howrah, in last November. The reports reveal an extremely unsatisfactory position particularly in regard to the collection of the municipal rates and the general financial position of the municipality. The following are some of the instances of incompetency and default shown by the commissioners of the municipality in the performances of their duties:—

(1) The commissioners imposed a water-rate at 5 per cent. on the annual value of all holdings from 1st April 1962. The Inspector of Local Bodies has pointed out that this imposition was not made at a meeting convened expressly for the purpose as required under section 123 of the Bengal Municipal Act and that the requirements of the provision of section 125(1)(b) of that Act were not complied with. The legality of this imposition has already been challenged by a section of the rate-payers and the rule has been issued by the High Court on the application of an individual rate-payer. If the whole assessment on account of the water-rate amounting to nearly Rs. 3,00,000 is declared void ab initio, the municipality will have to face a precarious financial position as there will be a huge recurring expenditure on water-supply without any income from water-rate.

(2) The position in regard to collection of rates and the outstanding balance of taxes since 1960-61 is revealed by the following figures:—

| | 1960-61. | 1961-62. | 1962-63(up to September 1962). |
|---|---|---|---|
| Percentage of arrear collection on arrear demand. | 29·16 | 37·2 | 24 |
| Percentage of current collection on current demand. | 49·2 | 53·3 | 29·75 |
| Percentage of total collection on total demand. | 39·55 | 45 | 26·36 |
| Outstanding balance of taxes. | Rs. 9,11,844 | Rs. 8,41,858 | Rs. 10,17,873 |

The number of distress warrants issued during 1961-62 was 1,713 covering a demand of only Rs. 1,44,638 out of which only 803 warrants involving an amount of Rs. 75,833 were executed. The number of distress warrants issued during the current financial year (up to September 1962) was 2,004 involving an amount of only Rs. 1,10,944. But the number of such warrants executed was 668 covering only Rs. 38,625. The number of warrants filed during the current year, though larger than that of the preceding year, is still inadequate considering the large number of rate-payers in arrears. Realisation of outstanding arrears through issue of demand notices and distress warrants is far from satisfactory and no certificate case is reported to have been filed during the last five years. It is no wonder, therefore, that the municipality has been left with a heavy accumulation of arrear demand during each of these years.

(3) The closing balance at the end of October 1962 was Rs. 64,858 which was much below the prescribed minimum of two months' monthly recurring expenditure. If the outstanding liabilities of Rs. 71.189 be taken into account, the closing balance would be minus Rs. 6,331. The position was much worse at the end of the year 1961-62 when the closing balance was Rs. 97,788 against outstanding liabilities amounting to as much as Rs. 1,37,581. This shows the precarious financial position of the municipality which is mainly due to the unsatisfactory realisation of rates and taxes. The closing balance at the end of the year 1960-61 was also very low being Rs. 73,298 only. The commissioners of the municipality have thus persistently made default in maintaining the statutory minimum closing balance prescribed under rule 28 of the Municipal Account Rules.

(4) The Demand and Collection Register, which is a very important document, has been left incomplete since the year 1956-57. The requirements of rule 56 of the Municipal Account Rules were not followed at all during both the years 1960-61 and 1961-62. Another important register, namely, the Register of Licenses, was not signed either by the Chairman or the Vice-Chairman.

2. After a very careful consideration, Government have come to the conclusion that the commissioners of the Bally municipality have shown their incompetency to perform and have persistently made default in the performance of duties imposed on them under the Bengal Municipal Act, 1932, and the rules framed thereunder relating to the realisation of municipal rates and taxes and the financial administration of the said municipality and that the present state of affairs cannot be allowed to continue without ... ious detriment to the interests of the inhabitants ... the municipality. It also appears from the report of the District Magistrate, Howrah, that an extraordinary situation has precipitated because of the resignations tendered by eight commissioners including the Chairman and the Vice-Chairman of the municipality.

3. In exercise of the power conferred by ... section (1) of section 553 of the Bengal Mun... Act, 1932 (Bengal Act XV of 1932), the Govern... therefore, pleased to declare the commissioner... the Bally municipality to be incompetent and in default and to supersede them for a period of ... years with effect from the 2nd January 1963.

Ordered that this resolution be published in ... nc "Calcutta Gazette".

By order of the Governor,
A. K. DATTA,
Jt. Secy. to the Govt. of West Bengal.

## ANNEXURE

**In the matter of an industrial dispute existing between Messrs. Parry & Co. Ltd., 32 Chowringhee, Calcutta-16, and their workmen represented by the Parry's (Calcutta) Employees' Union, 32 Chowringhee, Calcutta. (Case No. VIII-12 of 1962.)**

BEFORE THE SECOND INDUSTRIAL TRIBUNAL, WEST BENGAL

Present:

Shri P. C. PAL, Judge, Second Industrial Tribunal, West Bengal.

Present for the Company: Shri J. N. Chatterji, Deputy Labour Adviser, Indian Engineering Association.

Present for the Union: Shri D. L. Sen Gupta, Advocate.

This is a reference by the Government of West Bengal, Labour Department, Order No. 151-I.R./IR/11L-232/61, dated the 13th January 1962, under section 10 of the Industrial Disputes Act, 1947, for adjudication of an industrial dispute between Messrs. Parry & Co. Ltd. and their workmen in respect of the issue, viz.—

"Whether the retrenchment of the following workmen is justified? To what relief, if any, are they entitled?

(1) Shri A. C. Saha, (2) Shri A. B. Banerjee, (3) Shri A. Dewanji, (4) Shri S. N. Das and (5) Shri Sambhunath Chatterji".

The allegations of the Union, as contained in its written statement, are briefly as follows:—

The Company is a very old and highly prosperous concern having agency businesses and some manufacturing works. The Company has its businesses at various centres in India, including Calcutta, Bombay, Patna, etc., the head office being at Madras. The clerical and the subordinate staff of the Company in Calcutta have been subjected to very unfair terms and conditions of service. Consequent upon the passing of a Tribunal award for bonus in favour of the workmen, which was published in the "Calcutta Gazette", on 10th March 1960, the Company became vindictive. With a mala fide end in view, the Company, on the pretext of management policy, decided to release some of the profitable agencies and create an artificial show of surplusage in the strength of its workers, mainly, in respect of the Calcutta Branch where the market is the widest and the best in India. The Company had a hidden mind to divert its resources to the Madras State, not from bona fide trade point of view, but essentially from narrow parochial considerations. This is evident from the Company's move in December 1960 to sell its Factory at Kidderpore which attempt was frustrated at the intervention of the Government of West Bengal. The Union first approached the Company to desist from such activities, but without any effect. The Union approached the State Government for intervention in the national interest, and the matter was taken up by the Government. During the conciliation proceedings, the Company suddenly retrenched 52 workmen of various departments and categories of the Calcutta Branch. The action of the Company was not only mala fide and unjustified, but also illegal as section 25 F(c) of the Industrial Disputes Act was contravened. As a result the Company not only suffered in income and profit, but the workload in the Calcutta Branch has been tremendously increased. A dispute was raised and the same was referred to this Tribunal for adjudication. The previous retrenchment was effected from the 1st of July 1961. Subsequently, the Company retrenched five employees of Calcutta with effect from the 1st September 1961 and the case of these five workmen is the subject-matter of the present reference. The services of the Company's employees are transferable, but the Company effected the retrenchment without having regard to this condition of service. Previously in 1954 and 1960, the godown and the office in Calcutta was taken as one single unit for the purpose of retrenchment, but the retrenchments of 1961 were effected by taking the godown and office as two, separate units. This was very much unfair and unreasonable. Shri A. C. Saha, serial No. 1 in the present issue, originally worked in the Company's godown, but about the time of retrenchment he was working in the office on transfer. In his place one Gabinda Parida, a bearer, has been promoted as a sub-clerk, whereas a new bearer named Raghunath Das has been appointed in the old place of Parida. The retrenchment of the five men was illegal, unjustified, arbitrary, mala fide, and for extraneous considerations. In their case also the Company violated the provision of section 22F(c) of the Industrial Disputes Act. On these allegations the Union prays for reinstatement of these employees with all back wages, etc.

The Company's written statement contains the following averments: It is untrue that the attitude of the Company towards its workmen in Calcutta was unreasonable or unjustified as would appear from the Union's written statement in connection with the previous reference, dated the 12th February 1957. The motive of the Union in linking the previous award on bonus issue to the justification of retrenchment is mala fide. The retrenchments of 52 and five workmen, so far done by the Company, is quite bona fide and have been made in strict accordance with the

provisions of law, not for any extraneous considerations, as alleged. The Company has so far relinquished all the pharmaceutical agencies, all its general sales agencies except one, and a number of engineering agencies, not only in Calcutta but also in Bombay and Delhi. In Madras also the Company has relinquished a number of agencies including some of the agencies which were recently relinquished in Calcutta, Bombay and Delhi. The Company is absolutely within its right to decide what business it will do, and such decision cannot be questioned. As a matter of its own business policy, the Company decided to discontinue dealing with certain agencies and, naturally, it had no alternative but to retrench surplus staff as a result of such reorganisation. It is quite incorrect to say that the Company had acted on any parochial considerations. It is untrue that the Government of West Bengal had ever intervened in the matter of proposed sale of the Company's workshop at Kidderpore in 1960. Although the number of surplus employees was comparatively higher, the Company decided at the first instance to retrench only 52 workmen, and thereafter retrenched the 5 other workmen of the present dispute. The retrenchments were effected by following the legal provisions of section 25F(c) of the Industrial Disputes Act, and the principle of "last come, first go" was followed. There is, in fact, no vagueness in the reorganisation actually done by the Company, and the allegation of increase in work-load is entirely misconceived. The godown and the office of the Company were never treated as one establishment for any purpose including the determination of juniority and seniority in service for the purpose of retrenchment. The allegation of actual transfer of some employees is not correct, and it was never the practice with the Company to make any such transfer. The seeming increase in work-load is of no consequence as overtime work was of temporary nature as usual. Shri A. C. Saha all along worked in the godown only. On the relinquishment of all the pharmaceutical agencies and the transfer of the stocks to the incoming distributors Shri Saha had to sit in the office for a few days in order to tidy up matters relating to the stock records, as it was not possible to have the work done by him in the usual manner by sitting in the godown which had to be released to the incoming distributors. Shri Saha finished his work a few days before the actual retrenchment of five employees. During the intervening period of these few days he had no work to perform. The Company utilised his services to some extent by allocating some filing works to do. After the retrenchment the filing works were done by the clerk, but very recently a vacancy occurred for filing work, and Parida was offered an opportunity to qualify himself as a sub-clerk, and the same had no relevancy with the retrenchment of Shri Saha. The retrenchment of five employees was legal, bona fide and justified. For all these reasons, the Union is not entitled to have the relief asked for.

**Decision**

Both parties have adduced evidence, oral and documentary, in support of their respective contentions. Besides, they have also adopted the previous evidence (oral and documentary) as given in the previous adjudication concerning retrenchment of 52 workmen. The previous decision of mine went in favour of the Union on various points. Against that decision the Company moved the Hon'ble High Court under Article 226 of the Indian Constitution. That matter is still pending. For the purpose of adopting the previous evidence the Company has put in a Paper Book (Ext. M) connected with that case under Article 226.

The points decided in the previous adjudication are as follows:

(i) There was no evidence of retrenchment in places other than Calcutta, and there was nothing to show that surplus hands in any other places were absorbed in one way or other.

(ii) There was no evidence that the Company's policy of reorganisation was decided upon or approved of by the Directors of Messrs. Parry & Co.

(iii) The reasons given by the Company's Manager as being behind the relinquishment of agencies in Calcutta were not satisfactory.

(iv) The reorganisation scheme was not sufficiently established.

(v) Work-load had sufficiently increased on account of retrenchment effected by the Company, and the retrenchment was for extraneous considerations.

(vi) Parochial consideration was also behind the retrenchment and this point could not be lightly brushed aside.

(vii) The reason of economy or convenience was not the specific case of the Company, and there were instances of improper motive behind the Company's action.

(viii) At least 16 (if not more) new hands were recruited before the retrenchment of 52 persons.

(ix) The Office and godown in Calcutta were to be taken as one single unit for the purpose of retrenchment.

(x) The principle of "last come, first go" as enunciated in section 25(G) of the Industrial Disputes Act was violated by the Company in giving effect to the retrenchment.

(xi) Proper notice of retrenchment was not given by the Company to the Government, and section 25F(c) of the Industrial disputes Act and Rule 77 of the West Bengal Industrial Disputes Rules of 1958 were contravened.

(xii) The services of the Company's employees were transferable, and there were some specific instances of such transfers.

(xiii) The retrenchment could be easily avoided if normal work-load was to be maintained, and if transfers were given effect to as the condition of service.

The points involved and decided in the previous case are also the same as in the present case. Over and above, the present case concerning the five employees appears to be somewhat stronger in this that they were senior to the previously retrenched 52 workmen.

Some new points have been raised and argued upon on behalf of both sides, and these along with the old and the new evidence (oral and documentary) may be referred to in my present judgment in due course.

Regarding the Company's alleged policy of re-organisation of its business, it was the case in the previous dispute that the Company decided to divert its resources more towards manufacture than towards agency business, and consequently had to effect relinquishment of some agencies. As a matter of fact, there is no dependable evidence to show that the Company actually did any appropriate overt act in implementing the said policy by taking upon new works of manufacture. On the contrary, in December 1960, the Company was about to sell out its factory at Kidderpore and even took some advance consideration; but the attempt failed on account of the intervention by the Union and the State Government, as alleged by the Union. The failure of that attempt is an undisputed fact. This shows lack of genuiness on the Company's part to divert its resources more for manufacturing works. In the previous case the Company's Manager said about certain reasons for relinquishing agencies due to certain move or attitude on the part of the originals. Those reasons were found to be unsatisfactory. In the present case there is nothing to differ from the previous finding on this point. The Company has, as in the previous case, referred to the Union's letter, dated 20th April 1951, written by its Vice-President to the Deputy Labour Commissioner. In that letter it was stated that it had been a declared policy of the Board of Directors of the Company to give up the old agencies and to liquidate agency business in its entirety, and that the Manager of the Company also confirmed the policy of agency business. On a perusal and analysis of the entire letter (Ext. K in the Paper Book) I came to hold that the Union was baffled in its attempt to know the reason as well as the facts and figures regarding the policy of the Company. The terms "declared policy" in that letter would necessarily imply or mean policy as alleged in the whole circumstances of the case. The letter does not state that the policy was to divert resources from agency business to manufactures. There is nothing new about this particular point to accept the Company's contention about such a policy. There is no evidence that the alleged policy was decided or approved of by the Directors of the Company. It has been argued by Shri Chatterji, on behalf of the Company, that the Company has the right to decide what agencies to retain and what agencies to discontinue. Nobody would dispute such right on the part of the management. If it is a genuine case of giving up of certain agencies for business purposes for the sake of economy and convenience, the Company's contention would have been quite right. But the Company has not made out any specific case of economy and convenience regarding business policy. In the retrenchment notice given to the workmen the Company stated that a few employees have become surplus to the Company's requirements due to "shrinkage of business" This would have been quite in conformity with the policy if the policy was to close down some of the agencies for reasons of economy and convenience. But this does not appear to be the real reason behind the move on the part of the Company. Again, such a policy would be quite right if it was genuine and bona fide. If the motive behind the policy is not bona fide, the contention of the Company must fall through. I, therefore, proceed to see about the bona fides or otherwise about the said policy of the Company.

According to the Union, the action taken by the Company is tainted with parochial and extraneous considerations inasmuch as the Company has the ill-motive of transferring all its resources from Calcutta to Madras. In consideration of the facts and circumstances, it was previously decided that the question of parochial consideration, as raised by the Union, could not be lightly brushed aside. It is no doubt a fact that a few agencies in Madras and other places were also closed down. But there is nothing to show that retrenchment was effected by the Company at any place or branch except Calcutta. This would in a great way lend support to the said contention of the Union and, as such, parochial consideration behind the Company's move looms large. It is in evidence, as appears from the Paper Book, that at least 16 new hands were recruited by the Company in Calcutta before the retrenchment of 52 persons effected on and from 1st July 1961. If the Company acted in pursuance of the alleged policy, and if it was in the Company's mind to give up agencies, there was no reason for appointments of those new hands shortly before the first retrenchment of 1961. The contention of Shri Chatterji is that retrenchments became inevitable by reason of the last relinquishment of agencies of "Johnson & Johnson" and "Lederle". It is said that as long as those agencies existed, new appointments had to be made to fill up vacancies to meet the exigencies of service. But this explanation is far from acceptable, in view of the fact that new appointments do not appear to have been made entirely in respect of the godown staff, and that such an explanation was not offered at any time previously.

According to the Union, work-load since the retrenchment enormously increased and, as such, it must be taken that there was extraneous considerations for the retrenchment. This particular point was found in favour of the Union in my previous judgment (vide the Paper Book). In the present case, the Company has given a chart of overtime works. This chart relates to the workings of the godowns, and shows some high increase in December 1961. The overtime chart of the office-workings has not been produced by the Company. Its contention is that the retrenchment in question relates to the workers of the godowns only, and hence the chart of the office is not necessary. The Union asserts that the godowns and the office are to be taken and considered as one single unit, not separate units, as contended by the Company. I shall come to this point afterwards. For the present I may refer to the evidence of the Union Secretary Shri Dhirendra Mohan Sen Gupta (P.W. 1) as given in the present case. His evidence is that there was sufficient work for the employees in Calcutta, and overtime works are to be done in the Company throughout the year, and are still going on. He challenges the correctness of the Company's chart (Ext. G) by saying that each overtime-worker got Rs. 250 to Rs. 300 in each of the years of 1960 and 1961. The chart shows total overtime payments of Rs. 883.45 and Rs. 1,152.38 nP. in those two years. These two amounts would be far less in the estimate of P.W. I. He belongs to the

## OFFICE OF THE ACCOUNTANT-GENERAL, WEST BENGAL

NOTIFICATIONS

**Grant of travel concession to the State Government employees of West Bengal**

No. T.M.(GM)/844.—15th December 1962. — The Government of West Bengal in their Finance (Audit) Department's Memo. No. 5471F., dated the 27th December 1961, decided that "Travel concessison" would be granted to their employees, with effect from the calendar year 1962. Certain instructions issued in connection with drawal, accounting, etc., of the said concession are circulated herewith for information and guidance of all Treasury/Sub-Treasury Officers in West Bengal as well as all Heads of Departments/Offices of the State Government. It may be noted clearly that the instructions contained in this notification are supplementary to those already contained in the above Memorandum, published in the "Calcutta Gazette, Extraordinary", dated the 2nd January 1962.

**A—Entitlement**

1. **Liability to transfer.**—For claiming travel concession there should be liability to transfer districtwise, i.e., from one district to another in the normal course of service. When the liability to normal transfer does not extend beyond one district the concession is not admissible. The districts have not been particularly mentioned in paragraph 16 of Finance (Audit) Department's Memo. No. 5471F., dated the 27th December 1961; but it has been stated that the place of work should be at a distance of 250 miles or above from Calcutta. It will be sufficient, if the liability to normal transfer extends to any one of these districts where the Govrnment servants are recruited and stationed.

2. **Condition of service.**—No minimum length of service is required to be rendered by a Government servant in order to qualify himself for the concession. Government employees not in the wholetime employment or who are paid from contingencies or borne on the Work-charged Establishment are not entitled to this concession.

3. **Qualifying journeys.**—Under paragraph 16 of the said Memo. the concession is admissible to self and family who actually accompany the Government servant. A member of the Government servant's family who instead of actually accompanying the Government servant either follows or precedes him during the same calendar year may be treated as having accompained him for the purpose of this concession.

4. **When both husband and wife are Government servants.**—Travel concession should be granted separately to the husband and wife when both of them are Government servants, if they perform the journeys separately. The concession will, however, be admissible either to the husband or to the wife travelling with the family. The concession shall not be granted to any one of them for more than once in a year whether they travel separately or with the family.

### B—Procedure for drawal

1. **Form to be used and method of drawal.**—The usual travelling allowance bill form should be used for the purpose of drawal of travel concession claims. The usual rules for the drawal of ordinary travelling allowance claims shall also apply mutatis mutandis in case of travel concession claims. Instructions contained in paragraphs 2 to 4 below are, however, supplementary to these rules.

2. **Nature and period of levae.**—(i) The concession is admissible once in a calendar year while on leave on average pay. The term "leave on average pay" includes "earned leave" also. The officer concerned has to furnish a declaration that he has actually performed the journey. As the Controlling Officer will also verify the period of leave taken for the purpose of journey no minimum period of leave is prescribed for the purpose of drawing the travel concession.

(ii) Vacation should be treated as the equivalent of the leave on average pay for the purpose of travel concession.

3. **Definition of family.**—The term "family" as used in paragraph 16 of the Finance Department's Memo. No. 5471F., dated the 27th December 1961, for the purpose of travel concession shall have the same meaning as for journeys on transfer as defined in rule 4(7) of the West Bengal Service Rules, Part II.

4. **Authority to allow the benefit.**—The Controlling Officer for the purpose of ordinary travelling allowance bill also be the Controlling Officer for the purpose of travel concession claims. The consession may be allowed by the Controlling Officers.

### C—Classification and record

1. **Classification.**—The charges on account of the "Travel concession" may be adjusted under the existing detailed head "Travelling Allowance" subordinate to the relevant major, minor and sub-heads, etc.

2. **Maintenance of record.**—A record of all assistance granted under this scheme shall be suitably maintained so as to avoid the possibility of double or irregular claims being drawn. In the case of Gazetted Officers, the record, shall be maintained by the Audit Office. In the case of non-gazetted staff the record shall be in the form of entries in the service book or other appropriate service records and should indicate the date or dates on which the journey or journeys commenced. The authority responsible for the maintenance of the service record shall ensure that on each occasion a Government servant who is entitled to travel concession proceeds on leave the fact whether or not he or his family availed of the travel assistance under this scheme is indicated therein.

3. **Basis for counting the claim against a year.**—In the event of the return journey falling in the succeeding calendar year the concession should be counted against the year in which the outward journey commenced.

### D—Amount of claim

1. **The limit of 250 miles.**—In paragraph 16 of the Finance Department's Memo. No. 5471F., dated the 27th December 1961, it has been stated that the concession will be admissible to Government servants whose places of work are 250 miles or above from Calcutta. This includes places which are at a distance of 250 miles by rail or by rail and road.

2. **Only railway fare and no road milage or actual bus fare is admissible.**—(i) In the relevant order it has been stated that actual railway fare of the entitled class is admissible subject to the limitation that such fare shall not exceed the amount for journeys to and from Calcutta. The concession is restricted to journey by rail within the State. For places which are not themselves connected by rail but which are connected with the railway system by road or steamer, unless the road transport or steamer services are owned by the Railway the concession will be admissible for journey from and up to the nearest railway station only.

(ii) No road mileage will be admissible where only road facilities exist.

### E—Certificates

Certain certificates have been prescriebed to ensure that the various conditions Governing the grant of travel concession have been duly satisfied before the travel concession claims are passed for payment. The certificates to be furnished by a Government servant claiming the concession should be in the following form:

Certified—

**In the matter of an industrial dispute between Messrs. Britannia Biscuit Co. Ltd., 15 Taratala Road, Alipur, Calcutta-27, and their workmen represented by Britannia Biscuit Factory Workers' Union, 26|8 Dum Dum Road, Calcutta-2, referred under G.O. No. 529-I.R.|IR|11L-43|61, dated the 6th February 1961. (Case No. VIII-50|61.)**

BEFORE THE FIFTH INDUSTRIAL TRIBUNAL, WEST BENGAL

Present:

Shri N. B. CHAUDHURI, Judge.

Appearances:

Present for the Company: Shri R. Goswami, Officer of the Bengal Chamber of Commerce and Industry.

For the Union: Shri Panchanan Bhattacharya, President, Britannia Biscuit Factory Workers' Union.

The Government of West Bengal by its Labour Department order No. 529-I.R.|IR|11L-43|61, dated 6th February 1961, referred to this Tribunal an industrial dispute between Messrs. Britannia Biscuit Co. Ltd., 15 Taratala Road, Calcutta-27 (hereinafter

referred to as the Company), and their workmen represented by Britannia Biscuit Factory Workers' Union, 26|8 Dum Dum Road, Calcutta-2 (hereinafter referred to as the Union), for adjudication under section 10 of the Industrial Disputes Act.

The issues referred to this Tribunal for adjudication are as follows:

1. Whether the dismissal of (1) Kali Ch. Mondal, (2) Ahmed Hossain, (3) Bejoy Das, (4) Satish Mandal, (5) Maijuddin Sheikh and (6) Samsul Haque is justified?
2. To what relief, in any, including reinstatement they are entitled?

**AWARD**

After receipt of usual notices both the parties entered appearance and filed their respective written statements. The workmen's case in short is this:

In the year 1960 the workmen of this Company made certain agitations for getting bouns and as a result there was an agreement between the parties in the middle of that year for payment of annual bonus. This agitation, however, annoyed the Management and by the end of that year the Company made some attempts to change the conditions of service of the workmen. In the wake of these attempts the Maintenance and Repairing Section was picked up as the first target for victimisation and the Company directed the workmen of this Section to keep their clothes and change them in a new room. This innovation or change of past practice caused considerable difficulties to the workmen. The workmen raised a voice of protest and as a result, five workmen of this dispute were dismissed and one suspended. All attempts of conciliation having failed the present reference has come to this Tribunal.

The Company's case on the other hand may be briefly stated as follows:

The Company denies that it made any change in the conditions of service of the workmen. This factory is engaged in the production of foodstuff such as biscuit, etc., and accordingly it is highly essential that the manufacture should be made under hygienic conditions. In pursuance of this purpose, the Company offers to the workmen of this factory two sets of uniforms which are washed twice in a week to ensure additional hygienic conditions. Accordingly the workers are required to change their own clothes and put on Company's uniforms at the commencement of day's work and leave the uniforms in office when day's work terminates. Evidently, the workmen changing their clothes at their work place often prove an embarrassing sight. So the Company has provided a central locker room for changing clothes and keeping their uniforms in a neat place when not in use. In this central locker room, good steel lockers with locks were provided and a durwan is posted there. A locker room attendant is also provided. From 1958 the Company issued both oral and written instructions on several occasions to the workers of Maintenance and Repairing Section that they should keep their clothes in their respective lockers in the locker room and must not keep the uniforms in dirty tool boxes lying in the workshop or work place. In fact, express notices were issued on 29th November 1958, 1st December 1958 and 22nd December 1958 for this purpose with clear and positive warnings. But in spite of these instructions, notices and warnings, the workmen concerned continued to ignore and violate in a concerted manner the above instructions and they continued as before to keep their uniforms in dirty tool boxes. The workers concerned were sought to be influenced through the Works Committee members also but to no effect. In view of the persistent disobedience and to bring importance of the matter home to the workers concerned, the Management issued explanation-sheets to six persons on the 30th of November 1960. But in spite of these explanation-sheets those persons were found changing their clothes as before in their work place. So, fresh explanation-sheets were issued on 1st December 1960. An enquiry was held in respect of these explanation-sheets on 3rd December 1960 and they were found guilty of misconduct and suspended also for two days by way of punishment. On the 5th of December 1960, a fresh general notice with final warnings was issued calling upon the workers of the Maintenance and Repairing Section to change their old habit and follow the instructions referred to above. But the persons mentioned in the order of reference proved adamant and continued to flout the Management order. Accordingly fresh explanation-sheets were issued on the 7th of December 1960. On 8th December 1960 the workers of this Section stopped work, behaved in a most deplorable and violent manner and started abusing and threatening the entire Management. These workers were actually incited by Sarvasree Ahmed Hossain, Kali Charan Mandal and Bijoy Das. Fresh charge-sheets were issued against the last mentioned three persons on 8th December 1960 also. Shri Kali Charan Mandal was issued another explanation-sheet on 9th December 1960 for having failed to submit reply to previous explanation-sheet, dated 8th December 1960. As a result of an enquiry held on 10th December 1960, the Management found Sarvasree Maizuddin Sheikh, Samsul Huq, Sushil Das and Alimullah guilty of misconduct and decided to dismiss them. They were actually dismissed also subject to approval of the Conciliation Officer. An enquiry against Shri Satish Chandra Mandal and Bijoy Das was held on 12th December 1960 and they were also dismissed for misconduct subject to approval thereof by the Conciliation Officer. An enquiry was held in respect of Sarvasree Kali Charan Mandal and Ahmed Hossain also and the Management took decision to dismiss them but placed them under suspension pending permission of the Conciliation Officer for dismissing them. Thereafter Shri Ahmed Hossain and Shri Bijoy Das have settled their dispute with the Company and received all their dues in full and final satisfaction of all their claims. Accordingly it is urged that the workmen concerned in the order of reference are not entitled to any relief before this Tribunal.

**Decisions**

**Issue No. 1**

The simple question raised in the issue No. 1 is whether the dismissal of the six workmen mentioned therein was justified. But according to the Company, two of these six persons have actually not yet been dismissed at all, though they have been placed under suspension for certain reasons. It is urged that the dismissal, if any, with regard to these workmen, is yet to come and so the issue as framed cannot apply to

their case. Shri Kali Charan Mandal has been examined before this Tribunal. He in his cross-examination unequivocally admits that he is still under suspension and that he has not been dismissed by the Company as yet. So, I think there is considerable force in the Company's contention that this Tribunal cannot adjudicate upon the question of their dismissal as alleged in view of the fact that dismissal is not an accomplished fact with regard to them. Of course, it is conceded by the Management that several charge-sheets or explanation-sheets were issued against these two persons also and an enquiry also has been held in respect of these charge-sheets. According to the Management, the Company cannot dismiss them without previous permission of the Conciliation Officer. Though the Management has actually decided to dismiss them, they cannot translate their decision to action without the permission of the Conciliation Officer and an application for the purpose is still pending before this Conciliation Officer. I am not entitled to pre-judge at this stage if the Conciliation Officer will at all give permission to the Company for dismissal of these two workmen. So in this view of the matter I think it is rather better for me not to express an opinion with regard to these two persons' offences, if any. Shri Ahmed Hossain has not appeared before this Tribunal at all in the present case. He does not care to challenge any statement of the Management in this connection. On the other hand, the only witness for the workmen or the Union states outright that the Union concerned does not espouse the cause of Shri Ahmed Hossain any longer. It is admitted that Shri Ahmed Hossain has not only been dismissed virtually but has gone away after receipt of his dues in full and final satisfaction of his claim. It is also admitted by the witness that Shri Ahmed Hossain actually abused the Section in-charge and thus committed a gross misconduct. Thus, the case of Ahmed Hossain cannot stand even according to the workers or the Union also. Thus, I may at once hold without further discussion that neither Shri Kali Charan Mandal nor Shri Ahmed Hossain are entitled to any relief in the present case.

As regards Shri Bejoy Das, the Company's case is that not only he is guilty of the misconduct charged against him but he has already settled his dispute with the Management and received all his dues in full and final satisfaction of his claim. Shri Bejoy Das has not appeared before this Tribunal and does not challenge any one of the statements made on behalf of the Company. Exhibit B(3) will show that Shri Bejoy Das received payment of Rs 745.58 nP. in full and final settlement of all his dues and claims including dues from the Company's Provident Fund and also one month's additional wages on account of his dismissal from the Company's service. I may point out that admittedly there was an enquiry against Shri Bejoy Das also and he was found guilty. Be that as it may, the fact remains that Shri Bejoy Das has no longer any dispute with the Company. So, I think, this Tribunal is not required to adjudicate in the matter of his dismissal any longer and he is not entitled to any relief whatsoever in the present case.

The other three workmen of the order of reference I mean Sarvasree Satish Chandra Mandal, Maijuddin Sheikh and Samsul Huq have not appeared before this Tribunal personally. Thus in fact, they failed to deny any one of the statements made against them on behalf of the Management. I have already mentioned that only one witness has been examined on behalf of the workmen and he is Shri Kali Charan Mandal. I have also pointed out above that Shri Kali Charan Mandal has no case before this Tribunal so far as the present reference is concerned. Any way, Shri Kali Charan Mandal alleges that the Company had no right to ask the workmen of the Maintenance and Repairing Section to change their clothes and uniforms and keep them in different lockers in the central locker room and thus affect a change in usage existing from before, without a proper notice in accordance with section 9A of the Industrial Disputes Act. It is also urged that the workmen of this Section were not aware before receipt of charge-sheets that they were previously called upon to change their clothes and keep the same in the central locker room. It is also alleged on their behalf that no proper enquiry was actually held by the enquiring officer in respect of the charges levelled against these three workmen. Management case is that the workers of Maintenance and Repairing Section were given clear notices for changing their clothes and keeping same in the locker room so early as in 1958. In this connection the Company places reliance on Exts. 1, 1A and 1B coming from the custody of the workmen themselves. These three notices purport to show that the workers of this Section were given repeated warnings in this respect. And yet, they failed to comply with the directions given in the said notices. Shri Mandal in his deposition alleges that they used to change their clothes in their work place before the present incident. It is also stated that there were lockers in this Section also. He of course admits that there was a separate or central locker room apart from the lockers of this particular Section. According to Shri Mandal, they were first called upon to change their clothes in the central locker room in the year 1960 only and not before. But even then, he admits that after changing their clothes in the locker room in 1960, they used to keep their own clothes in a separate box in the Section itself. This indirectly supports the Management contention that the workers actually continued to keep their clothes in the dirty tool boxes of the Section and not in individual lockers in the locker room. Shri Mandal tries to maintain that they used to keep their uniforms in Company's lockers of the Section itself. But I am afraid there is no truth in the allegation of Shri Mandal that there were separate lockers in the Section itself in the year 1960 also. In this connection I may refer to the notice, Ext. 1. From the recital of that notice, it appears that there might be certain lockers in the Maintenance and Repairing Section in 1958 but by the end of that year the Company decided to remove those lockers from the Section to the separate locker room and directed the workers to change and keep their clothes in the said room and not in the Section. In spite of this notice Ext. 1, in November 1958, the workers continued to flout the Management order and keep their clothes and uniforms in the dirty tool boxes of the Section and so the notice Ext. 1(a) was issued with a clear and positive warning. This clear warning also failed to bring the workers to senses and consequently, the third notice Ext. 1(b) was issued in the last part of December 1958. But it appears, all or some of the workers of the Section proved adamant and continued their old practice. Shri Mandal tries to say that the workers were ignorant

of these three notices till 1960 because such notices, if any, were never explained to them. But it is very difficult for me to place reliance on these words of Shri Mandal. I refuse to believe that the Management issued notice after notice and the contents therein failed to reach the ears of the concerned workmen. So the plea of ignorance, I am afraid, is not at all bonafide. It is the positive evidence of the Company's side that the Management not only issued written notices in this connection, but they tried to influence the workmen through the members of the Works Committee also. So, I am unable to believe that the workmen concerned were actually taken by surprise in the matter of different charge-sheets issued against them. For reasons best known to the workmen concerned, they did not like to follow the instruction of the Management in respect of changing of clothes in the central locker room and continued to flout the order for about two years with impunity. When gentle persuasions failed to make an impression on the delinquent workers, the Company took a more stiff attitude by the end of the year 1960 and in fact it issued charge-sheets against half a dozen workers including the three workers concerned mentioned above. An enquiry was held against them and all of them were suspended for two days by way of punishment. But unfortunately, this mild punishment also failed to bring the delinquents to senses. They continued to keep their clothes and uniforms as before in the dirty tool boxes of the Section and refused to change their clothes in the central locker room. So, the Company issued further charge-sheets. Issue of fresh charge-sheets against some of these workers aggravated the situation and some workers launched a strike and took recourse to violence, threats and abuses also. Consequently, further charge-sheets followed. Lately, enquiries were held in respect of all these charge-sheets and the three workers concerned were found guilty and dismissed also. It is now contended before this Tribunal that the enquiry held in this connection was neither fair nor proper; and so, the order of dismissal cannot be justified. Shri Mandal alleges in this connection that he refused to sign the enquiry proceedings because the Labour Officer who held the enquiry did not record their statements correctly. But subsequently he admits that all the workers including Shri Mandal actually affixed their signatures also to the enquiry proceedings. But in his cross-examination Shri Mandal is forced to admit that he does not know English and one Fakir Babu told him that their statements were not correctly recorded at the time of enquiry. He adds that the proceedings of the enquiry were not read over or explained to them in Bengali. But I have already pointed out that Shri Mandal's enquiry proceeding is not in issue before this Tribunal. The enquiry proceedings in respect of the three workers concerned have not been challenged by those workers themselves. On the other hand, the said Fakir Babu on whose words he seeks to rely is also not examined before this Tribunal.

Thus I think, there is no sufficient reason for my holding that the proceedings were not correctly recorded. The very fact that certain representatives of the workmen were also present at the time of enquiry rather shows that the Management or the enquiring officer had no malafides in the matter. I am not at all convinced that the enquiring officer Shri Mukherjee had any animus or bias against any one of these workmen concerned. Shri Mukherjee swears before me that the workers were given full opportunity to defend themselves and that the proceedings were read over and explained to the witnesses as well as the charge-sheeted workers. No sufficient reason has been shown why these statements of Shri Mukherjee should be rejected or disbelieved. Thus, I cannot accept the contention that the findings of the domestic enquiry should be rejected outright because of its violating the rules of natural justice. On the other hand, from a reading of the proceedings and the evidences recorded at the enquiry, it appears that there were prima facie good materials for finding the workmen concerned guilty of insubordination and and disobedience to lawful orders. Rather is seems to me from the history of the present dispute and the circumstances leading to the present dispute, that these workmen for reasons best known to them were determined not to comply with the lawful orders of the Management with regard to changing of clothes in the central locker room. This, I believe, must be treated as an instance of gross indiscipline. It is difficult for anybody to say that the Company's direction in this respect was unreasonable or unfair. Simply because previously the workers changed their clothes and kept their uniforms in lockers maintained in the work place or tool boxes kept in the workshop, it cannot be pleaded that they should continue this practice all through. The Company in this respect took sufficient precaution. Not only the central locker room was provided but individual steel locker was allotted to each one of the workmen and a durwan as well as an attendant were engaged to give sufficient protection or security to the clothes left in the locker room. Evidently, this Company was producing foodstuff such as, biscuit, etc., and it is highly desirable for the sake of national health that all hygienic conditions should be maintained and cleanliness must be secured at any cost. So in the face of these circumstances, I see no reason for these workmen's taking an unreasonable attitude and refusing to change clothes in the locker room and continuing to keep same in dirty tool boxes. So it is difficult for me to say that the punishment meted out to these workmen is really severe or unusually harsh.

With regard to Shri Kali Charan Mandal, it is lastly urged by the learned representative for the workmen that the question of getting approval or permission of the Conciliation Officer regarding the proposed dismissal of Shri Kali Charan Mandal, does not any longer arise because no proceedings are actually pending before such Conciliation Officer now. But I am afraid, an application filed by an employer before Conciliation Officer or a Tribunal under section 33 of the Act during the pendency of conciliation proceedings or an industrial dispute before a Conciliation Officer or a Tribunal, cannot be struck out simply on the ground that the proceedings are no longer pending before whom the application has been filed. Once the application has been filed lawfully before an authority, it is the incumbent duty of that authority to dispose of that application according to law. So the application before the Conciliation Officer under section 33 of the Act must be deemed to be pending even now, if not already disposed of; in spite of the fact that conciliation proceedings are no longer pending before him. It is next urged that

notices marked Exts. 1 to 1(B) were never displayed by the Management and that they were fabricated for the purpose of this case alone. But I am afraid there is no sufficient material before me for coming to this conclusion. Rather the circumstances appear to be otherwise.

Last but not the least, argument of the learned representative for the workmen is that the Company by issuing the said notices and directing the workmen to change their clothes in the central locker room was really effecting a change in usage which was there from long ago. But this argument makes no impression on my mind. The fact is, previously some workmen were changing their clothes in a locker room and the others were changing their clothes in their work place and keeping their uniforms in lockers kept in the workshop itself. But for various reasons, the Company did not think it proper to keep lockers in work place and accordingly transferred the lockers to central locker room and directed the workers including the workers of Maintenance and Repairing Section to change their clothes in the locker room and keep the same in individual lockers. The fact that under certain circumstances, the clothes were changed and kept in workshop does not really give rise to an usage within the meaning of the schedule 4 of section 9A of the Act. Such changing of clothes and keeping of clothes in lockers cannot be said to be a condition of service within the meaning of the said section or schedule. So, by such direction, the Company cannot be said to have violated or changed any usage within the meaning of the law. The workmen cannot be said to have acquired a right to change their clothes and keep same in dirty tool boxes by long user. Moreover these notices were originally displayed in 1958 and the action, if any, was taken in the last part of 1960. So, even if section 9A be taken as applicable to this particular matter, there is more than sufficient notice within the meaning of the section. So in any view of the case, I am unable to accept the contention of the learned representative. Thus, considering all facts and circumstances, I think that the workmen Sarvasree Satish Chandra Mandal, Maijuddin Sheik and Samsul Haque also are not entitled to any relief in the present case.

**Issue No. 2**

Thus, in short, none of the workmen mentioned in the order of reference are entitled to any relief whatsoever in the present case.

This is my award.

The reference was received from the Government for adjudication of an industrial dispute existing between Messrs. The India Ball Thread Co. Private Ltd., 100/1 Cossipore Road, Calcutta-2 (hereinafter to be referred to as the Company), and their workmen represented by India Ball Thread Workers' Union (hereafter to be referred to as the Union).

Immediately after receipt of this reference both parties were given notices. They entered appearance and filed their respective written statements and took other necessary steps.

The Union's case in the written statement is that the Company is a highly prosperous concern and stands on a sound financial position but it was indifferent to ameliorate the condtions of its poor workmen. So, the workmen organised themselves under the present Union and submitted a charter of demands on 9th January 1961. Thereupon the Company grew furious and as a reprehensive measure all on a sudden dismissed 29 workmen on 17th January 1961 and a few more were similarly turned out and thereby swelled the number to 31. Some efforts were made for conciliation but the Company flouted the directions of the Deputy Labour Commissioner contained in his letter, dated 17th February 1961 (which is Annexure A). So, nothing happened. The Company's action is wholly illegal, unfair and against all principles of natural justice. There was no charge-sheet against any of the workmen nor they had any opportunity to explain before their dismissal. Hence the prayer is for reinstatement with full compensation for the period of forced unemployment.

The Company has questioned the existence of the Union in the eye of law inasmuch as none of the workmen involved in the dispute under reference or any of the existing workmen of the factory is member of this Union. As such this Union has no locus standi to expouse the cause of the workmen.

The Company has further denied the allegations made by the Union and has stated, on the contrary, that the workmen staged a walk-out from the factory, and resorted to an illegal strike on 17th January 1961. So, they were charge-sheeted and they were forthwith suspended by a notice isued on the same date. The workmen did not submit any explanation. So, the management dismissed them by letters, dated 20th January 1961. Later on at the request of Shri S. N. Chatterji, Deputy Labour Commissioner, Government of West Bengal, the Company agreed to re-employ 25 of the dismissed workers and accordingly a notice was issued on 18th February 1961 asking the workmen to join their duties immediately but they did not. On the other hand, they started threatening some of the re-employed workers with violence.

Further case of the Company is that some of the workmen mentioned in the order of reference have already settled their disputes independently and some of them are working in the factory. Lastly, the Company's case is that the workmen having refused to avail of opportunity given to them for re-employment are no longer entitled to any relief and as such the Union's claim is rejected.

**Decision**

The Union examined six witnesses, whereas the Company examined three. Both parties have at the same time tendered documents into evidence. The only dispute under reference relates to dismissal of 31 workmen named in the order of reference. But the Union in paragraph 8 of its written statement did not press the claims of five workmen who are Subrati (serial 8), Madhu (serial 13), Madan (serial 20), Ashik (serial 23), and Sushil Paul (serial 28) on the alleged ground that they had been expelled from the Union. The Company, of course, stated in paragraph 20 of its written statement that not only these five workmen but also a few more have already settled their disputes independently with the Company and five of them, namely, Samsul, Madhu, Madan, Ashik and Sushil Paul, are working in the factory. According to the Company not only nine workmen including the five named by the Union have settled their disputes with the Company and five of them have resumed their duties in the factory but also four others, namely, serial No. 19 Salim, serial No. 29 Sk. Mohammad, and serial No. 30 Ash Mahammad and serial No. 27 Bansraj also voluntarily left their services and they did not care to return to their duties in spite of intimations. The nine workmen, according to the Company, who have already settled their disputes with the Company are: (serial 1) Samsul, (serial 4) Akbar, (serial 5) Akhtar, (serial 8) Subhrati, (serial 13) Madhu, (serial 20) Madan, (serial 23) Ashik, (serial 28) Sushil Paul and (serial 31) Azgar Ali. At the time of hearing of the case the Union's representative Shri Pathak has practically admitted the settlement of their disputes and he did not want to press their claims before this Tribunal. Therefore, the claims in respect of all these nine workmen were not pressed

by the Union and as such stand rejected. It may, however, be mentioned that the Company has specifically pleaded that five out of the nine workmen, namely, Samsul, Madhu, Madan, Ashik and Sushil Paul have been working in the factory. So, they have been in service and they are satisfied in their present posts and they do not come forward to press any claim against the Company. There is also evidence to show that three other workmen out of the nine voluntarily relinquished their job and expressed in writing that they have no further claim against the Company. These three workmen are Ali Akhtar, Akbar and Azgar Ali. The relevant documents are Exts. 1 to 1(2). Therefore, the claim in respect of these nine workmen can be eliminated for reasons just stated.

Before entering into the merits of the case I take up the preliminary objection raised on bhalf of the Company. It was urged by Shri K. K. Maitra representing the Company that the Union has no locus standi to espouse the cause of the workmen in view of the fact that the workmen involved in the present dispute are not members of the Union. The Company in its written statement (paragraph 3) has also questioned the existence of the Union. But at the time of hearing, this point was not seriously pressed and, as a matter of fact, no evidence has been adduced by the Company to show non-existence of the Union. On the contrary, the Union President Shri Chitta Maitra has given evidence before this Tribunal and the Company did not dare to put to him in the cross-examination any question regarding the alleged non-existence of the Union. The Company's witnesses including the Director himself did not speak a word on this point. Therefore, I conclude that there is no substance in the alleged contention of the Company. There is sufficient evidence on the record to show that the Union has been functioning and most of the workmen have been continuing their membership. Admittedly Company received a charter of demands from the Union submitted on behalf of the workmen. It was sent by registered post with ackonwledgment due on 9th of January 1961 (vide Ext. 2) and Company duly received the same on 16th January 1961 [vide acknowledgment and postal receipt Exts. 2(a) and 2(b)]. But no reply was received from the Company and it is the evidence of D.W. 1 Dhurchand Bucha, the young Assistant Works Manager of the Company, that the Company had no time to send reply to the charter of demands. The Company, as it appears, was very much against the Union and obviously so since the submission of charter of demands by the Union on behalf of all the workmen and even when the dispute in question was taken in hand by the Deputy Labour Commissioner, the Company at one time refused to sit with the Union in a joint conference as convened by the officer, and accordingly wrote to that officer (vide Ext. F/5, dated 25th May 1961). Even at that point of time it was not the Company's contention of non-existence of the Union or of the workmen's severance of connection with the Union. This question was never before raised in any of the series of letters (Ext. F series) addressed by the Company to the Labour Department of the Government. Be that as it may, there is no doubt about the existence of the Union which still represents the involved workmen who claim to have continued their membership even now and some of them in their evidence before this Tribunal have supported this fact. There is nothing to show otherwise. So, the Union rightly represents the workmen who were in service of the Company. The very name of the Union shows that it is the Union of the same concern. The Company has referred me to a number of affidavits [Exts. N to N(20)] purported to have been sworn by some of the workmen who are now working in the factory. They have sworn to say that they have no connection whatsoever with the Union and they are not interested in the dispute which is pending before this Tribunal. From these affidavits Shri Maitra appearing for the Company has urged that the cause of the involved workmen has not been espoused by the present workmen of the Company and as such it cannot be an industrial dispute. In my view there is hardly any substance in this contention. These affidavits [Exts. N to N(20)] have been sworn by 21 of the workmen who are now working in the factory since after the refusal of employment of the involved workmen. They are not all the workmen, not even the majority of the workmen employed in the factory. The total number of workmen in the factory is 46 as stated by the Union in paragraph 1 of the written statement which fact has not been specifically denied by the Company either in the written statement or in the evidence. Moreover, it is clear from the evidence of D.W.3 Maleswar Singh, who is a worker of the Company, that these affidavits were sworn by the present workmen at the instance of the Company's Assistant Manager Dhurchand (D.W. 1). There is nothing in the affidavits or in the evidence to show that these workmen were at all in service at the time involved workmen were refused employment by the Company, i.e., on 17th January 1961. D.W. 3 says that he has been serving for about two years but he cannot give the date or month or year of his entering service. So, there is no knowing whether he even was in service of the Company at the relevant time. The affidavits only show that these workmen are now employed in the factory. It does not show it any of them was in service at the relevant time, i.e., on 17th January 1961. Moreover, as I have already stated, they are only some of the total strength of the workers of the Company and not even the majority. They have stated that they are not interested in the disputes. This is obviously so because they have been recruited in place of the involved workmen and on this point there is the evidence of P.W. 5 Bansraj who has stated that the factory is kept functioning with the help of new recruits. He has not been cross-examined on this point by the Company. So, these new recruits who have sworn the affidavits are naturally not interested in the dispute of those workmen who have been replaced by them. As these workmen were not in service at the relevant time there does not arise any question of espousing the cause of the workmer involved in the present dispute. Even assuming that some of them were in service at that point of time, they may be just a few and not the majority of the workmen. Out of the 46 workmen employed by the Company only 31 were charge-sheeted and out of 31, nine workmen have not pressed their claim and it is admitted that some of them have been re-employed by the Company and they are still working in the factory. None of the remaining workmen who were in service at the relevant time has come forward to deny his sympathy and support for the cause of the workmen

involved in the present dispute. The present dispute of the workmen of the Company was sponsored by the Union which is the Union of the concerned and as such the dispute becomes an industrial dispute even when it was raised by only some of the workmen [1961 (I) L.L.J. 334]. Then again, undisputedly conciliation proceedings were initiated by the Union in respect of dismissal of the workmen. The Company's witness No. 1 Dhurchand Bucha has admitted that Shri Kapur who is the Sales Organiser of the Company attended most of the conciliation meetings on behalf of the Company. So, this dispute became the subject-matter of conciliation proceedings and as such it must be said to have begun as an industrial dispute [1961 (I) L.L.J. 303]. Hence I overrule the preliminary objection of the Company and hold that this is an industrial dispute and the workmen have been rightly represented by the Union.

Next, I proceed to discuss the merits of the case. The Company had to admit that Union submitted a charter of demands on behalf of the workmen on 9th of January 1961 (Ext. 2). The Company's Assistant Manager Shri Bucha (D.W. 1) has admitted to have received the charter of demands on 16th January 1961. He further admits that the Company did not send any reply to the Union. The charter of demands (Ext. 2) shows that the No. 1 item of demand of the workmen was immediate grant of permanent status to all existing workmen and to confirm the services of all new entrants after the probationary period of six months. This particular demand of the workmen was a red rag to the Company. Immediately after receipt of the charter of demand on 16th January 1961 [vide Ext. 2(a)] the Company hurried to obtain fresh bonds signed and executed by the workmen and this ensued the trouble. The evidence on the side of the Union shows that on 17th January 1961 at the commencement of the work in the factory the workmen were asked to give their thumb impressions on fresh agreements of service purely on temporary basis which the workmen refused and on their refusal the Company refused to employ them. That is the case of the Union but the case of the Company is a bit different. According to the Company two new entrants were asked to put their thumb impressions on the agreement of service, to which the workmen resisted, and ultimately the workmen withdrew from work. This story of the Company in my view is not only inconsistent with the probability but also a belated one as this story was for the first time disclosed in a letter to the Deputy Labour Commissioner written on 24th of January 1961 (Ext. F). The earliest document of the Company is the notice, dated the 17th of January 1961. By this notice 26 workmen have been charged for leaving their work on that particular day without previous intimation or without permission and hence they were asked to show cause within three days from the date. The workmen were at the same time immediately placed under suspension pending disposal of their cases. It is nowhere in this notice, which is nothing but the Company's charge-sheet against the 26 workmen, that these workmen objected to execution of any agreement regarding service by some new entrants. If that was the case what prevented the Company from stating the fact in the charge-sheet. I am inclined to believe that it was not the truth, but the truth will appear from the Union's report that was promptly given by the President of the Union in his letter, dated 18th January 1961, to the Company [Ext. 2(c)], in which it has been specifically and clearly stated that the workmen having refused to put their thumb-impressions on some papers presented by the mangement they were refused employment by the Company. It was furtherf mentioned in that letter about the charter of demands which was submitted to the Company just before the occurrence. The Company did not send any reply to this letter. Copy of this letter was also promptly forwarded to the Labour Directorate. So, the facts of the occurrence taking place on the 17th January 1961 were promptly reported by the President of the Union not only to the Company but also to the Labour Directorate on 18th January 1961, whereas the Company furnished a belated story to the Labour Directorate more than a week after the occurrence. The reason for the Company's failure to give immediate report to the Labour Directorate or to send any reply to the Union's letter, dated 18th January 1961 [Ext.2 (c)], is obvious. Probably the story that was set up about a week after the occurrence was not ready without loss of time. The Company, as it appears, made desperate attempts to show that the workmen were employed on purely temporary basis and with that end in view the management was always after creating some documents of temporary service. According to D.W. 1 Dhur Chand Bucha who claims to be the Assistant Works Manager of the Company, the workmen were temporary hands and they worked for three or four months and at best for eight months. In support of this statement of his, the Company has produced the service applications of the workmen (Exts. A to A/25). These documents mostly bearing dates of the year 1960 and Ext. A/5 shows that the date of appointment of workman named Kashi was 28th November 1960. So, the Company's contention was that this workman Kashi entered into service of the Company on 28th November 1960. But the evidence of this particular workman who is P.W. 1 is that he was in service of the Company for about 10 years. He joined service in 1952. The document (Ext. A/5) bears thumb-impression which, of course, this witness cannot identify as his. But according to the Company this document Ext. A/5 was executed by the workman Kashi at the time of his appointment on 28th November 1960. The Company relied on this document to support the story of his appointment on 28th November 1960. The workman, as I have already observed, has emphatically denied his appointment on 28th November 1960. The Company's story is rudely shaken by a document Ext. 3, which is an identification certificate granted by no other person than the Managing Director himself on 22nd June 1959 which is stated to be the date of appointment. Even assuming that that was the date of appointment as noted on this document which was issued to the workman Kashi by the Managing Director himself, it clearly falsifies the Company's story of appointment of Kashi on 28th November 1960 as per document Ext. A/5. D.W. 1 Dhurchand Bucha who is the Assistant Works Manager of the Company pretended his ignorance of the signature of the Managing Director appearing on this document Ext. 3. I have no hesitation to say that he has clearly resorted to falsehood to deny the signature of his employer on this document (Ext. 3) which is a very vital piece of evidence in

this case. He avoided by all means to prove the Managing Director's signature appearing on this document. But his employer, namely, Shri K. L. Mohta (D.W. 2) who is the Managing Director had to admit his signature on this document Ext. 3. I must observe that this witness D.W. 2 Dhurchand Bucha claims to be the Assistant Works Manager of the Company but the evidence of D.W. 3 Maleswar Singh who is a machineman in the Company's factory goes to show that Dhurchand is the only Manager looking after the factory. I have already observed that it is at his instance the new workmen had to swear affidavits which are Exts. N series. D.W. 1 Dhurchand Bucha is a young man of 22 years of age. He has graduated in commerce and joined service of the Company in August 1960. He is not a stranger but he is well acquainted with the Managing Director as both of them are hailing from the same part of the country. Therefore, I must observe that in his over-zealousness to protect the interest of his employer who is no other person than his well-acquainted neighbour and a co-villager he ventured to suppress the truth but ultimately failed. Therefore, these appointment applications (Ext. A series) hardly represnt the true state of affairs. The Company immediately after receipt of charter of demands on 16th January 1961 hurried to obtain fresh applications signed and executed by the workmen so that they cannot claim permanency as was demanded in item No. 1 in the charter of demands (Ext. 2). The workmen having refused to do so, they were not given any employment by the Company and the Company at the same time issued a notice, Ext. B, on 17th January 1961 to the 26 workmen and another one Ext. J to another workman Bansraj. This workman Bansraj was asked to sign similar document on the 18th when he too refused to do so and on his refusal he was also not given employment by the Company. That was his evidence before this Tribunal. The Company has failed to offer any explanation as to why in the charge-sheet which is in the form of notice, dated 17th January 1961 (Ext. B) and another one, dated 18th January 1961 (Ext. J), there was no mention of the alleged fact that the workmen objected to the signing of appointment applications by two new entrants on 17th January 1962. I have already observed that there is some improbability in this story set up by the Company. If the Company was going to take in some new entrants, how could it come to the knowledge of the workmen on duty and what earthly reason there could be for them to object. It is not the case of the Company that the new entrants are persons known to the workmen or they were introduced to the Company by the workmen concerned. The Company has nowhere disclosed the names of the alleged new entrants or their whereabouts. But it is the definite case of the Union from the very beginning as I have already found from the documents on the record that the Company insisted on the workmen to put their thumb-impressions afresh on some papers which they refused to do so. Thereupon the Company refused to give them employment.

The Company's activities in this particular direction showing the temporary nature of the job of the workmen have been abundantly made clear from the facts and circumstances I have already discussed. The young Assistant Works Manager has been found out to suppress the truth and the attempts to show that the workmen were in service for short periods of three months or so before the relevant date (17th January 1961) have been proved futile. On the contrary, it has been clearly established from reliable and admitted documents that the workmen rendered services for periods longer than shown in the documents Ext. 4 series. The Company was particularly careful to create decuments of showing purely temporary nature of the works of the concerned workman and consistent with that conduct refused to allow the workmen to return to duty without signing some such documents. These complaints have been systematically raised by the workmen and their Union.

One workman Ashmuhammad made similar complaints in writing to the Company in his letter, dated 2nd February 1961 (Ext. K/3), which now comes from the custody of the Company. Some of the workmen who gave evidence before this Tribunal have also made similar complaints. The Company refused to allow the workmen to join even in pursuance of the requests of the Deputy Labour Commissioner who wrote to that effect after joint conference and agreements arrived at in his presence. He communicated his advice in his letter, dated 17th February 1961 [Ext. 2(1)], and in pursuance thereof there was a notice given by the management, a copy thereof was forwarded by the Assistant Labour Commissioner to the Secretary of the Union on 23rd February 1961 [vide Ext. 2(m)]. The notice is dated 18th February 1961. Company is said to have published the notice on the notice board of the factory and did not send any copy thereof either to the Union or to the workers.

However, when the workers coming to know of their proposed re-employment as per Company's notice, dated 18th February 1961 (Ext. E), the workmen presented themselves at the factory gate but the Company refused to allow them to join. The matter was immediately brought to the notice of the Works Manager by letter, dated 25th February 1961 (Ext. 1), a copy thereof was also forwarded to the Assistant Labour Commissioner for information. The President of the Union also similarly reported to the Assistant Labour Commissioner by his letter, dated 25th February 1961 [Ext. 2(h)]. The Company was not prepared to recognise the past services of the workmen and so the Company wanted to take them as new entrants as will appear from the Company's letter, dated 22nd February 1961, addressed to the Deputy Labour Commissioner (Ext. F/2). Copy of the said letter of the Company was forwarded to the President of the Union by the Deputy Labour Commissioner on 25th February 1961 [Ext. 2(i)]. The Company wanted to take back the workmen as new entrants and thereby forced them to sign the agreements of temporary service or in other words the Company wanted to do the same thing as they attempted to do on the 17th January 1961 but on the workmen's refusal it did not materialise. One of the workmen Ashmuhammad after his recovery from his illness as will appear from the Insurance Medical Officer's Certificates (Exts. K, K/1) went to the factory to join his duty but he was not allowed to do so without signing the agreement of temporary service. This will clearly appear from his letter, dated 2nd February 1961 (Ext. K/3), coming from the custody of the Company. Therefore, malafide intention of the Company was crystal clear from the facts and circumstances I have just discussed.

The Company, as it appears, was not interested in the welfare of its employees and was not prepared to recognise the claim of permanency even after they having served for considerable period. Instead of granting them the benefit of their faithful service for considerable period the Company tried to suppress the true state of things regarding the period of their service by manipulating documents of temporary service with a view to deprive them of the benefit arising out of their continuous service for long periods. Therefore, the Company was actuated by malafide motive in the matter of taking action against the workmen on the 17th January 1961. I have already observed the notice, dated 17th January 1961 (Ext. B), is purported to be the charge-sheet against the workmen. Nowhere in the charge-sheet will appear the alleged case of the Company that the workmen objected to the new entrants' signing applications of temporary service. The workers have emphatically denied this application. Their case is that the Company asked them to sign similar applications and the Company's motive was not very far to seek. The day before the Company received the charter of demands in which the workers made several demands, the first item of which was the permanency of the workmen. So, the Company was terribly afraid of this demand and the Company with a view to avoid that was obtaining signatures of the workmen on the applications which will show that the workmen were taken purely on temporary basis in spite of the fact of their long service with the Company. In the matter of refusing employment the Company also grossly violated the principles of natural justice. The charge-sheet which is in the form of notice (Ext.B) was not served upon any of the workmen but it was published on the notice board of the factory as admitted by D.W. 1 Dhur Chand Bucha, the young Assistant Works Manager. The workmen who gave evidence before this Tribunal have denied any knowledge of this notice. By this notice the workmen were directed to show cause within three days from the date of the notice. But the notice was not available to the workmen as it was not served upon any one of them but it is said to have been published on the notice board of the factory after the workmen were driven out of the factory on 17th January 1961. Naturally the workmen having no knowledge of the notice could offer no explanation within the time specified.

The Company having received no explanation from the workmen did not care to enquire whether the workmen at all became aware of the notice or the charges levelled against them, hurried to take drastic action against them by their dismissals by notice, dated 20th January 1961 (Ext. C series). These notices of dismissals are said to have been communicated to the workmen under certificate of posting as deposed by D.W. 1 Dhur Chand Bucha. The charge-sheets were written in English and no copy thereof was not only not furnished to these workmen concerned but also not to the Union as well. There was no enquiry but as soon as the Company found no explanation was submitted, immediately dismissed the workmen without holding any enquiry whatsoever on the 20th January 1961. The Company took care to forward copy of the notice, dated 17th January 1961 (Ext. B), to the Deputy Commissioner of Police, Officer-in-Charge of Cossipore police-station and Chief Inspector of Factories and Labour Commissioner but none to the Union or to the workmen concerned. Dismissal orders were similarly communicated to the Police officers and two other officers.

In all fairness the Company ought to have communicated the charges to the workmen individually as natural justice requires and there ought to have been an enquiry before taking the drastic action against the workmen by dismissing them from their services. Of course, I have already found that it was a motivated action of the Company against the workmen because of their claiming permanency and other benefits through their Union which the Company could not stand. Not only the Company could not tolerate but also the Company from the very beginning adopted measures and was manipulating papers to show temporary nature of the workers in spite of the fact of their continuous long service with the Company. Periodically their signatures were being obtained on application forms purported to show purely temporary nature of the employment.

Lastly, the Company attempted to obtain the signatures of the workmen on fresh forms, to which the workmen sternly refused. The Company having failed to achieve its object at once removed the workmen from the factory and issued a notice on the allegation that the workmen have voluntarily left their work. The reason for leaving their work as given by the Company is not only frivolous and does not stand to reason and belief but also against all probability, why the workmen in a body would leave their works only for a couple of new entrants who were asked to sign the form and it is alleged that the workmen raised objection to their signing the forms. This is an incredible story.

It transpires from the evidence of some of the workmen that they have been serving for several years and they were previously working in the Company's factory in Burrabazar area. According to the workmen since the Company started the present factory at Cossipore, the workmen were transferred from that factory to the factory at Cossipore. Some attempt was made to suppress this fact of existence of a factory in Burrabazar area and the Company produced certificate of registration in respect of the present factory at Cossipore (Ext. M) which shows that the date of registration was 14th February 1959. But the Managing Director Shri Mohta (D.W. 2) had to admit existence of another factory at 85 Burtolla Street, Calcutta-7. He says that it was not a very big factory then. In any case, it is admitted that previously there was a factory of the Company and in which the workmen claim to have worked previously before they came over to the present factory at Cossipore. The letter-head of the charge-sheet Ext. B shows that premises No. 85, Burtolla Street, Calcutta-7, is still in occupation of the Company but in the registration certificate, Ext. M, of course, there is no mention of this fact. It has transpired in the evidence that there was a Works Manager who signed the documents Ext. A series in his capacity as Works Manager, The name of the Works Manager was Ram Samoj Tewari as admitted by D.W. 1 Dhurchand Bucha. It also transpires that Shri A. S. Kapur was another officer of the Company. He was Sales Organiser and he not only attended some of the conciliation meetings but also he refused to give employment

to the workmen when they presented at the factory gate in pursuance of the notice of the Company, dated 18th February 1961 (Ext. E), as desired by the Deputy Labour Commissioner, Government of West Bengal. The evidence of both these officers have been withheld but the Company has examined one young officer Dhurchand Bucha who was not very fair in his deposition before this Tribunal. He joined service in August 1960 but still he posed himself to know earlier occurences and thereby he indulged himself in telling the untruth and suppressing the real facts about the actual service periods of the workmen. He is found to be a handy-man of the Company. The more responsible officers, namely, the Works Manager and the Sales Organiser Shri Kapur did not come forward to give the correct picture. The important documents Ext. A series bear the signature of the Works Manager, Ram Samuj Tewari, but his evidence has been withheld. It is nowhere the Comapny's case that he was not the Works Manager up to the relevant date, i.e., 17th January 1961 or even after that. On the contrary, D.W. 1 Dhurchand Bucha has stated before this Tribunal on 24th May 1962 that Ram Samuj Tewari is the Works Manager. The Works Manager who was in charge of the factory and who was responsible for all what happened in the factory has been kept in the background and everything leading to the dismissal of the workmen was being manipulated with the help of this young inexperienced Assistant Works Manager Dhurchand Bucha who is well-acquainted with the Managing Director, being his co-villager. The purported charge-sheet Ext. B was signed by Dhurchand Bucha and not by the Works Manager. This Assistant Works Manager did not care to send the alleged charges to the workmen and immediately after three days of the issue of the notice Ext. B he hurried to dismiss all the workmen straightaway by notice, dated 21st January 1961, without any enquiry whatsoever or without even ascertaining whether the charges have been brought home to the workers. By this notice, of course, the Company asked them to receive within seven days their earned wages, if any. The Company, of course, remitted some amounts to the workmen by money order and most of them have refused to accept excepting workmen Salim and Nazruddin (vide Exts. D and D/21). Of course, the workmen by that time already placed their grievances before the Labour Commissioner and the matter was under consideration then and conciliation proceedings were going on. In the matter of dismissal of the workmen I must observe that it was a hasty action of the Company without holding any enquiry whatsoever and without properly communicating the charges to the workmen concerned and thereby discarding the principles of natural justice and violating the cannons of fairplay.

In the above consideration of the matter and for the entire facts and reasons stated above I find no justification for the dismissal of the workmen. Originally, there were 31 workmen in the dispute under reference, out of which as I have already observed the Union did not press the claims of nine workmen. They are (serial 1) Samsul, (serial 4) Akbar, (serial 5) Akhtar, (serial 8) Subrati, (serial 13) Madhu, (serial 20) Madan, (serial 23) Ashik, (serial 28) Sushil Paul and (serial 31) Azgar Ali. Their claims have already been rejected as not pressed.

The Company has contended that four other workmen Bansraj, Ashmuhammad, Salim and Shaikh Muhammad are also not entitled to any relief. According to the Company, Bansraj did not turn up to join in spite of notice, dated 18th February 1961. I have already discussed about this notice and found that the workmen in spite of their presence at the factory gate Company refused to give them employment and the matter was promptly reported to the Deputy Labour Commissioner. The workmen also has deposed to support that fact. I find no reason to disbelieve his evidence. On the contrary, there is no evidence on the side of the Company to contradict this fact. Therefore, I find no substance in the Company's contention.

As regards workman Ashmuhammad Company has stated that he was on leave and after recovery he produced a certificate of fitness but he did not join and left service of his own accord. This is an unbelievable story that the workman who has produced his certificate of fitness (Exts. K, K/1) would refuse to join for no reason whatsoever. The Company with a view to create evidence purported to have written a letter to that workman on 27th January 1961 (Ext. K/2) asking him to join immediately, failing which his services would be dispensed with. The workman promptly replied by letter, dated 2nd February 1961 (Ext. K/3), placing the facts that whenever he presented at the factory gate for resumption of duty Company refused to give him employment unless and until he would sign an unknown form regarding service. Therefore, it was not the fault of the workman but because of the conduct of the Company he was compelled to remain unemployed. So, he is entitled to reinstatement.

The Company has contended that another workman Shaik Muhammad was in service of the Company up to 31st December 1960. Then he left the factory and did not come back. So, his name should not have been included in the order of reference. This workman Shaikh Muhammad (P.W. 6) has stated before this Tribunal on oath that he was in service of the Company from 8th March 1958 and on the 17th of January 1961 he was driven out. The Company, of course, did not include his name in the so-called notice Ext. B but the evidence shows that he was not allowed to join by the Managing Director and he was sick for some time. He denies the allegation that he voluntarily relinquished the job. He says that he still remains unemployed and is working in the tea shop of his brother but he is still continuing his membership of the Union by payment. There is nothing to show the Company's allegation that he was in service up to the end of December 1960 and thereafter he voluntarily relinquished his job. The Company could have produced its records to substantiate his alleged service up to 31st December 1960 but nothing has been produced to support the allegation against him. The Company took similar plea in its letter, dated 22nd February 1961, to the Deputy Labour Commissioner (Ext. F/2) but in spite of the plea Labour Department was satisfied to refer his case as well for adjudication. There is no material before this Tribunal to substantiate the Company's allegation in the written statement. On the other hand, the workman himself has deposed before this Tribunal in a straight-forward

manner and I have no reason to discard his evidence. Therefore, in my view the workman is also entitled to reinstatement. Of course, the Company for some reasons or other did not include his name in Ext. B, probably taking advantage of the fact of his illness.

Next case of the Company is that another workman Salim received his earned wages remitted to him by money order without protest and hence the Company's contention is that as he accepted his earned wages without protest, so he has no dispute with the Company. I do not find much substance in the contention. Salim has accepted his earned wages that does not mean that he has no dispute with the Company. The wages he received was earned by him by rendering services to the Company. In accepting his earned wages he did not signify his intention to relinquish the job of the Company. Therefore, it is difficult to accept the contention of the Company. He may or may not join but in the eye of law he is entitled to the relief with the other co-workers, all of whom were dismissed by the Company without justification. His name was also included in the notice Ext. B. Therefore, the Company's contention does not prevail in respect of this workman.

Therefore, in view of my above findings all other workmen excepting the nine (serial 1 Samsul, serial 4 Akbar, serial 5 Akhttar, serial 8 Subrati, serial 13 Madhu, serial 20 Madan, serial 23 Ashik, serial 28 Sushil Paul and serial 31 Azgar Ali) are entitled to immediate reinstatement by the Company in their respective old jobs. Regard being had to the facts and circumstances of the case and of temporary employment of some of them I further direct that they be entitled to 50 per cent. of their wages for the period of their forced unemployment. The period of forced unemployment should be treated as on special leave for the purpose of continuity of their services. The Company is directed to pay the arrears of wages to the respective workmen within a month of the publication of the award in the "Calcutta Gazette".

This is my award.

## AWARD

This is an application under section 33A of the Industrial Disputes Act filed against Messrs. Oberoi Grand Hotel, Calcutta, by a workman of the Company named Shri Sudam Das.

The Opposite Party—the Company—appears and opposes the application. The applicant's case is that he was a permanent employee of the Oberoi Grand Hotel (1938) Private Ltd., Calcutta, that the Company issued him with a false charge-sheet that he had been found using the commode in a bathroom of suite No. 202, that he denied the charge, that the Company then dismissed him from service without holding any proper enquiry and that the Company violated the provisions of section 33 of the Industrial Disputes Act in not seeking approval of its action in dismissing him when a dispute between the Company and its workmen was pending before the Tribunal.

The Company admits that through inadvertance no application was filed before this Tribunal for approval of the action taken by the Company in dismissing the applicant. The Company alleges that on 13th April 1961 when the Manager was showing the Suite No. 202 to a lady who intended to come there as a boarder it was found by the Manager that the applicant was, at that moment, using the commode in the bathroom, that the workman was given a charge-sheet to which he replied, that an enquiry was held by the P.A. to the General Manager-cum-Office Superintendent in which the applicant was given every opportunity to defend his case, and that the applicant being found guilty of the charge levelled against him was dismissed from service with effect from the 26th June 1961.

As it is the admitted case of the Opposite Party that it had failed to file an application under section 33(2)(b) of the Industrial Disputes Act for approval of the action taken by the Company in dismissing the applicant when a reference was pending before this Tribunal it must be held that the present application is maintainable.

Regarding the merits of the case, the Company alleges that the Manager of the Hotel found the applicant using the commode in the bathroom of Suite No. 202, that this being a case of misconduct according to the Standing Orders of the Company, the applicant was charge-sheeted and that an enquiry was held after the applicant had submitted his explanation. The Company has produced the records of the enquiry proceedings. It appears from these records (Ext. A) that the applicant attended the enquiry and was present throughout when the witnesses were examined. The applicant admits before me that he attended the enquiry. O.P.W. 1 Shri Das Gupta says that he held the enquiry in presence of the applicant, that the applicant was given opportunity to cross-examine the Company's witnesses. I do not see anything to disbelieve O.P.W. 1 that the applicant was present at the enquiry and he was given every opportunity to cross-examine the Company's witnesses and to defend himself. There is no proof of violation of principle of natural justice and there is no case of victimisation. The applicant has failed to make out any case against the Company. Considering all that, I have said above, I find that the Company was justified in dismissing the applicant who was found guilty of misconduct in an enquiry which was properly held. The applicant is not entitled to any relief.

This is my award.

Bangodaya Cotton Mills Ltd., Panihati, 24-Parganas and their workmen, represented by Bangodaya Cotton Mills Mazdoor Union, Elias Road, Agarpara, post office Kamarhati, district 24-Parganas, regarding the issue mentioned in the said order, being a matter specified in the second schedule to the Industrial Disputes Act, 1947 (XIV of 1947), was referred to the Seventh Industrial Tribunal for adjudication;

And whereas during the pendency of proceedings before the said Industrial Tribunal Shri Siddheswar Ghosh, a workman of the said Company, made a complaint in writing to the said Industrial Tribunal against the said Company, alleging that the said Company had dismissed the said workman concerned in such dispute;

And whereas in exercise of the powers conferred by section 33A of the Industrial Disputes Act, 1947 (XIV of 1947), the said Industrial Tribunal has adjudicated upon the said complaint and submitted its award to the State Government;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

Bangodaya Cotton Mills Ltd., post office and village Ghola, 24-Parganas, against Messrs. Bangodaya Cotton Mills Ltd., Panihati, 24-Parganas (Case No. 36 of 1962, under section 33A).**

## BEFORE THE SEVENTH INDUSTRIAL TRIBUNAL, WEST BENGAL

Present:

Shri S. K. RAY, Judge, Seventh Industrial Tribunal.

For the complainant: Shri Nikhil Roy, Advocate.

For the Company: Shri P. K. Sanyal, Advocate, assisted by Shri T. P. Chatterjee, Advocate.

## AWARD

This is an application under section 33A, Industrial Disputes Act, by Shri Siddheswar Ghose, a workman of the Opposite Party Messrs. Bangodaya Cotton Mills Ltd., complaining of his dismissal by the Company on an untenable charge and without any fair and proper enquiry with effect from 9th April 1962 by a letter of that date during the pendency of the adjudication proceedings of a dispute between the Company and its workmen before this Tribunal, the dispute having been referred to this Tribunal by Government order No. 5514-I.R./IR/8L-9(D)/61, dated the 16th September 1961, without complying with the relevant provisions of section 33(2)(b), Industrial Disputes Act.

The Company appeared and filed its written statement in reply to the workman's application under section 33A, Industrial Disputes Act. It first of all pleaded that this application was not maintainable, because the Company had already filed an application under section 33(2)(b), Industrial Disputes Act, before this Tribunal for approval of the action taken against the worker. Then the merits of the complaint of the workman were denied and it was alleged that he was dismissed upon a charge of unauthorised absence from duty for a pretty long period after issue of a charge-sheet and a fair and proper enquiry into the charge which was established by the enquiry.

It appears that the Company had filed an application under section 33(2)(b), Industrial Disputes Act, in respect of the dismissal of this workman complained of in the present application under section 33A, Industrial Disputes Act, just a day before the present application was filed. The present application was filed on 27th April 1962 and the Company's application under section 33(2)(b), Industrial Disputes Act, was filed on 26th April 1962. Both the cases arising out of the two applications under section 33(2)(b), Industrial Disputes Act, and under section 33A, Industrial Disputes Act, were set down for hearing on the same day. The worker had appeared in the proceeding arising out of the Company's application under section 33(2)(b), Industrial Disputes Act and filed his written statement in reply to the Company's case for approval of his dismissal by this Tribunal. On the final date of hearing, both the cases were amicably settled by the parties and one joint petition of compromise setting out the terms of settlement and praying for disposal of the case in terms of the joint petition was filed in each case. Both the petitions contain the same terms.

I have heard the learned representatives of both sides and I have considered the terms of settlement in regard to the present application under section 33A, Industrial Disputes Act. The terms appear to me to be quite fair and reasonable. They provide for reinstatement of the complainant workman with continuity of service on certain terms. I am also satisfied that there has been a bona fide settlement of the dispute in the present case in terms of the joint petition filed by the parties. Accordingly, this case is to be disposed of in terms of the joint petition of compromise filed by the parties.

In the result, I award that the case be disposed of in terms of the joint petition of compromise filed by the parties on 8th December 1962, a copy whereof be made a part of the award as an Annexure.

Judge, Seventh Industrial Tribunal.

BEFORE THE SECOND INDUSTRIAL TRIBUNAL, WEST BENGAL

Present:

Shri P. C. PAL, Judge, Second Industrial Tribunal, West Bengal.

Present for the Company: Shri J. N. Chatterji, Deputy Labour Adviser, Indian Engineering Association.

Present for the Union: Shri D. L. Sen Gupta, Advocate.

This is a reference by the Government of West Bengal, Labour Department, Order No. 151-I.R./IR/11L-232/61, dated the 13th January 1962, under section 10 of the Industrial Disputes Act, 1947, for adjudication of an industrial dispute between Messrs. Parry & Co. Ltd. and their workmen in respect of the issue, viz.—

"Whether the retrenchment of the following workmen is justified? To what relief, if any, are they entitled?

(1) Shri A. C. Saha, (2) Shri A. B. Banerjee, (3) Shri A. Dewanji, (4) Shri S. N. Das and (5) Shri Sambhunath Chatterji".

The allegations of the Union, as contained in its written statement, are briefly as follows:—

The Company is a very old and highly prosperous concern having agency businesses and some manufacturing works. The Company has its businesses at various centres in India, including Calcutta, Bombay, Patna, etc., the head office being at Madras. The clerical and the subordinate staff of the Company in Calcutta have been subjected to very unfair terms and conditions of service. Consequent upon the passing of a Tribunal award for bonus in favour of the workmen, which was published in the "Calcutta Gazette", on 10th March 1960, the Company became vindictive. With a mala fide end in view, the Company, on the pretext of management policy, decided to release some of the profitable agencies and create an artificial show of surplusage in the strength of its workers, mainly, in respect of the Calcutta Branch where the market is the widest and the best in India. The Company had a hidden mind to divert its resources to the Madras State, not from bona fide trade point of view, but essentially from narrow parochial considerations. This is evident from the Company's move in December 1960 to sell its Factory at Kidderpore which attempt was frustrated at the intervention of the Government of West Bengal. The Union first approached the Company to desist from such activities, but without any effect. The Union approached the State Government for intervention in the national interest, and the matter was taken up by the Government. During the conciliation proceedings, the Company suddenly retrenched 52 workmen of various departments and categories of the Calcutta Branch. The action of the Company was not only mala fide and unjustified, but also illegal as section 25 F(c) of the Industrial Disputes Act was contravened. As a result the Company not only suffered in income and profit, but the workload in the Calcutta Branch has been tremendously increased. A dispute was raised and the same was referred to this Tribunal for adjudication. The previous retrenchment was effected from the 1st of July 1961. Subsequently, the Company retrenched five employees of Calcutta with effect from the 1st September 1961 and the case of these five workmen is the subject-matter of the present reference. The services of the Company's employees are transferable, but the Company effected the retrenchment without having regard to this condition of service. Previously in 1954 and 1960, the godown and the office in Calcutta was taken as one single unit for the purpose of retrenchment, but the retrenchments of 1961 were effected by taking the godown and office as two separate units. This was very much unfair and unreasonable. Shri A. C. Saha, serial No. 1 in the present issue, originally worked in the Company's godown, but about the time of retrenchment he was working in the office on transfer. In his place one Gabinda Parida, a bearer, has been promoted as a sub-clerk, whereas a new bearer named Raghunath Das has been appointed in the old place of Parida. The retrenchment of the five men was illegal, unjustified, arbitrary, mala fide, and for extraneous considerations. In their case also the Company violated the provision of section 22F(c) of the Industrial Disputes Act. On these allegations the Union prays for reinstatement of these employees with all back wages, etc.

The Company's written statement contains the following averments: It is untrue that the attitude of the Company towards its workmen in Calcutta was unreasonable or unjustified as would appear from the Union's written statement in connection with the previous reference, dated the 12th February 1957. The motive of the Union in linking the previous award on bonus issue to the justification of retrenchment is mala fide. The retrenchments of 52 and five workmen, so far done by the Company, is quite bona fide and have been made in strict accordance with the

provisions of law, not for any extraneous considerations, as alleged. The Company has so far relinquished all the pharmaceutical agencies, all its general sales agencies except one, and a number of engineering agencies, not only in Calcutta but also in Bombay and Delhi. In Madras also the Company has relinquished a number of agencies including some of the agencies which were recently relinquished in Calcutta, Bombay and Delhi. The Company is absolutely within its right to decide what business it will do, and such decision cannot be questioned. As a matter of its own business policy, the Company decided to discontinue dealing with certain agencies and, naturally, it had no alternative but to retrench surplus staff as a result of such reorganisation. It is quite incorrect to say that the Company had acted on any parochial considerations. It is untrue that the Government of West Bengal had ever intervened in the matter of proposed sale of the Company's workshop at Kidderpore in 1960. Although the number of surplus employees was comparatively higher, the Company decided at the first instance to retrench only 52 workmen, and thereafter retrenched the 5 other workmen of the present dispute. The retrenchments were effected by following the legal provisions of section 25F(c) of the Industrial Disputes Act, and the principle of "last come, first go" was followed. There is, in fact, no vagueness in the reorganisation actually done by the Company, and the allegation of increase in work-load is entirely misconceived. The godown and the office of the Company were never treated as one establishment for any purpose including the determination of juniority and seniority in service for the purpose of retrenchment. The allegation of actual transfer of some employees is not correct, and it was never the practice with the Company to make any such transfer. The seeming increase in work-load is of no consequence as overtime work was of temporary nature as usual. Shri A. C. Saha all along worked in the godown only. On the relinquishment of all the pharmaceutical agencies and the transfer of the stocks to the incoming distributors Shri Saha had to sit in the office for a few days in order to tidy up matters relating to the stock records, as it was not possible to have the work done by him in the usual manner by sitting in the godown which had to be released to the incoming distributors. Shri Saha finished his work a few days before the actual retrenchment of five employees. During the intervening period of these few days he had no work to perform. The Company utilised his services to some extent by allocating some filing works to do. After the retrenchment the filing works were done by the clerk, but very recently a vacancy occurred for filing work, and Parida was offered an opportunity to qualify himself as a sub-clerk, and the same had no relevancy with the retrenchment of Shri Saha. The retrenchment of five employees was legal, bona fide and justified. For all these reasons, the Union is not entitled to have the relief asked for.

**Decision**

Both parties have adduced evidence, oral and documentary, in support of their respective contentions. Besides, they have also adopted the previous evidence (oral and documentary) as given in the previous adjudication concerning retrenchment of 52 workmen. The previous decision of mine went in favour of the Union on various points. Against that decision the Company moved the Hon'ble High Court under Article 226 of the Indian Constitution. That matter is still pending. For the purpose of adopting the previous evidence the Company has put in a Paper Book (Ext. M) connected with that case under Article 226.

The points decided in the previous adjudication are as follows:

(i) There was no evidence of retrenchment in places other than Calcutta, and there was nothing to show that surplus hands in any other places were absorbed in one way or other.

(ii) There was no evidence that the Company's policy of reorganisation was decided upon or approved of by the Directors of Messrs. Parry & Co.

(iii) The reasons given by the Company's Manager as being behind the relinquishment of agencies in Calcutta were not satisfactory.

(iv) The reorganisation scheme was not sufficiently established.

(v) Work-load had sufficiently increased on account of retrenchment effected by the Company, and the retrenchment was for extraneous considerations.

(vi) Parochial consideration was also behind the retrenchment and this point could not be lightly brushed aside.

(vii) The reason of economy or convenience was not the specific case of the Company, and there were instances of improper motive behind the Company's action.

(viii) At least 16 (if not more) new hands were recruited before the retrenchment of 52 persons.

(ix) The Office and godown in Calcutta were to be taken as one single unit for the purpose of retrenchment.

(x) The principle of "last come, first go" as enunciated in section 25(G) of the Industrial Disputes Act was violated by the Company in giving effect to the retrenchment.

(xi) Proper notice of retrenchment was not given by the Company to the Government, and section 25F(c) of the Industrial disputes Act and Rule 77 of the West Bengal Industrial Disputes Rules of 1958 were contravened.

(xii) The services of the Company's employees were transferable, and there were some specific instances of such transfers.

(xiii) The retrenchment could be easily avoided if normal work-load was to be maintained, and if transfers were given effect to as the condition of service.

The points involved and decided in the previous case are also the same as in the present case. Over and above, the present case concerning the five employees appears to be somewhat stronger in this that they were senior to the previously retrenched 52 workmen.

Some new points have been raised and argued upon on behalf of both sides, and these along with the old and the new evidence (oral and documentary) may be referred to in my present judgment in due course.

Regarding the Company's alleged policy of re-organisation of its business, it was the case in the previous dispute that the Company decided to divert its resources more towards manufacture than towards agency business, and consequently had to effect relinquishment of some agencies. As a matter of fact, there is no dependable evidence to show that the Company actually did any appropriate overt act in implementing the said policy by taking upon new works of manufacture. On the contrary, in December 1960, the Company was about to sell out its factory at Kidderpore and even took some advance consideration; but the attempt failed on account of the intervention by the Union and the State Government, as alleged by the Union. The failure of that attempt is an undisputed fact. This shows lack of genuiness on the Company's part to divert its resources more for manufacturing works. In the previous case the Company's Manager said about certain reasons for relinquishing agencies due to certain move or attitude on the part of the originals. Those reasons were found to be unsatisfactory. In the present case there is nothing to differ from the previous finding on this point. The Company has, as in the previous case, referred to the Union's letter, dated 20th April 1951, written by its Vice-President to the Deputy Labour Commissioner. In that letter it was stated that it had been a declared policy of the Board of Directors of the Company to give up the old agencies and to liquidate agency business in its entirety, and that the Manager of the Company also confirmed the policy of agency business. On a perusal and analysis of the entire letter (Ext. K in the Paper Book) I came to hold that the Union was baffled in its attempt to know the reason as well as the facts and figures regarding the policy of the Company. The terms "declared policy" in that letter would necessarily imply or mean policy as alleged in the whole circumstances of the case. The letter does not state that the policy was to divert resources from agency business to manufactures. There is nothing new about this particular point to accept the Company's contention about such a policy. There is no evidence that the alleged policy was decided or approved of by the Directors of the Company. It has been argued by Shri Chatterji, on behalf of the Company, that the Company has the right to decide what agencies to retain and what agencies to discontinue. Nobody would dispute such right on the part of the management. If it is a genuine case of giving up of certain agencies for business purposes for the sake of economy and convenience, the Company's contention would have been quite right. But the Company has not made out any specific case of economy and convenience regarding business policy. In the retrenchment notice given to the workmen the Company stated that a few employees have become surplus to the Company's requirements due to "shrinkage of business." This would have been quite in conformity with the policy if the policy was to close down some of the agencies for reasons of economy and convenience. But this does not appear to be the real reason behind the move on the part of the Company. Again, such a policy would be quite right if it was genuine and bona fide. If the motive behind the policy is not bona fide, the contention of the Company must fall through. I, therefore, proceed to see about the bona fides or otherwise about the said policy of the Company.

According to the Union, the action taken by the Company is tainted with parochial and extraneous considerations inasmuch as the Company has the ill-motive of transferring all its resources from Calcutta to Madras. In consideration of the facts and circumstances, it was previously decided that the question of parochial consideration, as raised by the Union, could not be lightly brushed aside. It is no doubt a fact that a few agencies in Madras and other places were also closed down. But there is nothing to show that retrenchment was effected by the Company at any place or branch except Calcutta. This would in a great way lend support to the said contention of the Union and, as such, parochial consideration behind the Company's move looms large. It is in evidence, as appears from the Paper Book, that at least 16 new hands were recruited by the Company in Calcutta before the retrenchment of 52 persons effected on and from 1st July 1961. If the Company acted in pursuance of the alleged policy, and if it was in the Company's mind to give up agencies, there was no reason for appointments of those new hands shortly before the first retrenchment of 1961. The contention of Shri Chatterji is that retrenchments became inevitable by reason of the last relinquishment of agencies of "Johnson & Johnson" and "Lederle". It is said that as long as those agencies existed, new appointments had to be made to fill up vacancies to meet the exigencies of service. But this explanation is far from acceptable, in view of the fact that new appointments do not appear to have been made entirely in respect of the godown staff, and that such an explanation was not offered at any time previously.

According to the Union, work-load since the retrenchment enormously increased and, as such, it must be taken that there was extraneous considerations for the retrenchment. This particular point was found in favour of the Union in my previous judgment (vide the Paper Book). In the present case, the Company has given a chart of overtime works. This chart relates to the workings of the godowns, and shows some high increase in December 1961. The overtime chart of the office-workings has not been produced by the Company. Its contention is that the retrenchment in question relates to the workers of the godowns only, and hence the chart of the office is not necessary. The Union asserts that the godowns and the office are to be taken and considered as one single unit, not separate units, as contended by the Company. I shall come to this point afterwards. For the present I may refer to the evidence of the Union Secretary Shri Dhirendra Mohan Sen Gupta (P.W. 1) as given in the present case. His evidence is that there was sufficient work for the employees in Calcutta, and overtime works are to be done in the Company throughout the year, and are still going on. He challenges the correctness of the Company's chart (Ext. G) by saying that each overtime-worker got Rs. 250 to Rs. 300 in each of the years of 1960 and 1961. The chart shows total overtime payments of Rs. 883.45 and Rs. 1,152.38 nP. in those two years. These two amounts would be far less in the estimate of P.W. 1. He belongs to the

office undoubtedly. He says having himself done some overtime works in those two years and having got Rs. 540 in each of those two years as overtime payments. That was his evidence elicited in cross-examination after he had been recalled and, as such, his statement carries much weight to show the incorrectness of the chart, Ext. G. In fact, if the office and the godown staff are taken together, then it appears clearly that there has been enormous increase in the work-load. If such overtime works had to be done prior to the retrenchment of 1961, the fact would indicate the impropriety and undesirability of the effecting of the retrenchment. The increase in the bulk of work subsequent to those retrenchments would suggest about extraneous consideration and improper motive behind the action taken by the Company in giving effect to the retrenchment. It is argued by Shri Chatterji with reference to evidence on record, that overtime works were not unusual and, in fact, such overtime works are mostly done about the time of year ending. P. W. 1 has said that the year ending works are done in September every year. This evidence seems to be acceptable, for, the year ending works cannot be said to be carried out throughout the year. But according to P. W. 1, overtime works are being done throughout the year and, as contended for the Union, this is due to the Company's action regarding retrenchment.

It is an admitted fact that in view of the conditions of service of the employees of the Company, the services are transferable. The explanation given on behalf of the Company is that this condition of transfer of service is not carried out in practice. On the other hand, the Union has given evidence by citing instances of several transfers. This fact was established in the previous case. It is argued by Shri Chatterji for the Company that there is no instance of transfer of any one of the office or the sub-staff before or after the present reference. But the fact remains that thtere is the condition of transferability of service, and this condition of service was given effect to in several cases. It is of no use saying that instances of transfers from the office or the sub-staff are lacking. Transfers from one branch to another were also found from the evidence previously. It is not necessary for the maintenance of work-load at its normal stage that the transfers should be confined only to one department or another in Calcutta. Transfers could be made from one branch to another, or the allegedly surplus persons might be absorbed in different sections of the Calcutta Branch so that the work-load might not be increased, and the retrenchment could be easily avoided. But this is not done. This suggests about other considerations behind the Company's action than what it means to assert.

The Union's case further is that the principle of "last come, first go" was not followed in giving effect to the retrenchment, and thus the provisions of section 25G of the Industrial Disputes Act were violated by the Company. On the other hand, the Company's case is that the provisions of the said section were not at all violated if it is considered and taken that the godowns and the office in Calcutta are two separate and distinct units. According to the Union, the godowns and the office form one single unit for all purposes, including the purpose of retrenchments, and in that sense some senior employees were retrenched while some junior employees were retained in service. In the previous decision I found that for the purpose of this section, the office and the godowns should be taken as a single pool or unit. The present case is stronger than the previous one In that these five retrenched workmen of the present dispute are senior to those previously retrenched on and from 1st July 1961. Any way, the same question is to be considered again in the present case, viz., whether the godown and the office should be taken to be two units independent of each other or are to be considered as one single unit. In the retrenchment notice given to the Government, the godowns were shown as a department or section of the Calcutta Branch, where retrenchment was alleged to be necessary. In that notice (Ext. H) the total number of workers normally employed was shown to be 175 in the office. Thus, the office and the godowns would undoubtedly form one single unit, the godowns being one department or section of the Calcutta Branch. In my previous judgment I referred to the decision as reported in 1953 L.A.C. p. 702 where it was held that in applying the rule of "last come, first go" the matter is not to be judged department by department, but the concerns located at a particular place is to be taken as a whole. Consequently, I find no reason to differ from what I found in the previous case and consequently I hold in the present case, by considering all the facts and circumstances together, that the office and the godowns of the Calcutta Branch are to be taken as one single unit for the purpose of the said rule and the purpose of effecting retrenchments. Considering the point in that light, it goes without saying that the Company violated the provisions of section 25G of the Industrial Disputes Act in retrenching the 5 workmen of the present case who are senior to those in the previous case.

There are some other materials produced here in connection with the question as to whether the office and the godowns are one single unit or different units. These materials are also important to consider about the Union's contention that some of the godown staff were transferred to work in the office as well. The Company has put in its Temporary Staff Payment Register (Ext. K), Salary Book for 1961 (Ext. E) and the Day Book for Calcutta (Ext. I). There is also Company's chart (Ext. D) showing names of personnel engaged in work connected with the agencies since relinquished. Out of these pieces of documentary evidence, Ext. E and Ext. K are more important. In this connection the chart in the Paper Book (Ext. N) as well as Annexure B to the previous affidavit in regard to the question of retrenchment in 1954 (Ext. M) are also relevant and should be taken into consideration for elucidation of the disputed matters. A careful comparison of the important and relevant entries in these documentary evidences discloses very glaring discrepancies and anomalies. Attempts were made by the Company's Manager and the Accounts Assistant to reconcile or explain away these things, but I find their testimonies lacking in coherence, and both of them appear to have cut a very sorry figure. The dates of appointment of one Hariharan (No. 53 in the Paper Book and No. 58 in Annexure B to Ext. M) are dissimilar. Similar are matters relating to serial Nos. 62, 75, 77, 89 of the Paper Book (page 92) which are the same as serial Nos. 41, 36, 23 and 9 in the said Annexure B

respectively. In the Salary Book Shri S. B. Roychoudhuri appears as in the Lal Bazar Godown, whereas Ext. D shows him as one of the office clerical staff. This is also the case with Ramanathan (No. 29 in Ext. D and No. 6 in the Salary Book). From page 94 of the Paper Book it would appear that Ram Raj Ahir and K. K. Nair are godown workers appointed respectively in May 1949 and January 1954, and are in service as if in the godown. According to the Company's case, godowns did not exist shortly after the agencies were given up. It is, therefore, astounding to see why and how some workers could still remain as if in godowns. This would rather go to support the Union's contention that some men of the godowns are working in the office. Thus it may be accepted that there may be transfers from one department to another, even verbally, if not in writing. According to Ext. D 66 persons were found surplus on account of relinquishment of pharmaceutical agencies. The Manager of the Company says that in May 1961 there were 27 clerks regarding pharmaceutical department. Next moment he changed his version to give the figure as 23 instead of 27. He first said that there were two temporary clerks, not entered into the Register, but noted in Ext. D, and five typists in Ext. D are included in the clerical staff in the Salary Register. Shri S. Srinivasan is said to be a clerk as per Register, in Ext. D he was described as a stenographer. The Manager also said that in Ext. D there are under the clerical staff eight temporary hands, viz., Nos. 2, 18, 20, 22 to 25 and 29. Then he says that out of 25 only six are temporary. Again, he says that temporary hands were seven plus one typist (No. 29). He further says that the clerical staff of 25 does not cover the stenographer and the five typists. According to him, S. Banerji (No. 9 in Ext. D) is the same as No. 1 in the Salary Book, and he is a permanent hand, not temporary. The evidence of this type is far from satisfactory. The Accounts Assistant next came to his rescue, he also did not fare better. In trying to reconcile anomalies, O.P.W. 2 makes mention of godowns to explain or reconcile about the office. According to him, names of some of the workers appear as being in the godown, as they sit in the godown for convenience of work. In fact, such persons belong to the office—their names do not appear in the office register. There is no guarantee to say that the persons mentioned in Ext. D were concerned only with the Pharmaceutical Agencies. In column 4 some pencil marks were put as "Ph" in the Sales Book. Both O.P.W. 1 and O.P.W. 2 have said that these marks were put in June 1961 to indicate that the persons indicated by these marks belonged to the Pharmaceutical Department. The putting of pencil marks is not only irregular but is to be looked with great deal of suspicion. In view of what has been seen that names were entered in the Register not according to place of work, but according to place of sitting, the mere mention of name in the Pharmaceutical Department would not necessarily mean that such a worker belonged to that department. Though the name of A. K. Bose appears as serial No. 2 in Ext. D, the Manager has said in cross-examination that in reality his name appears as being in the Spare Part Section. According to O.P.W. 2, there are 13 permanent clerks as per Ext. K (serials 3 to 12 and 16 to 18). But Ext. K is the Khata meant for temporary staff. To Tribunal's questions this witness gave the explanation that these 13 names have been written in Ext. K for convenience of the Company, and are not in the Salary Register as they are covenanted. It is further stated that they have been paid commissions apart from salary, and to make notes about commission payments their names are written in Ext. K. Such an explanation is absolutely meaningless. Notes about payment of commissions might well be made after entering these permanent clerks' names in the Permanent Khata. It is noticeable that the Pharmaceutical Department or any other unit is not considered by the Company as a separate or distinct unit like the godown, as the Company contends. It is also to be noticed that by two instalments 57 persons out of the list Ext. D, have not been retrenched. The retrenchment was effected only in regard to workers of the godowns. Yet, there is evidence to show that at least A. C. Saha, P.W. 2, (No. 1 in the order of reference) who previously worked in the godown, had shortly before his retrenchment worked as a clerk in the office. The Company's case in this respect is that Shri Saha was given a seat in the office to complete the work in connection with the godowns. But evidence discloses that he used to do filing works in the office for about 2 months before his retrenchment, and thereafter one office-peon named Parida was appointed to do filing works which Shri Saha used to do. It is most unusual that the clerk is retrenched for alleged absence of work only to be replaced by the office peon by way of promotion. Such an action on the part of the Company would show a very glaring instance of absence of good faith behind the move of retrenchment. In view of what has been seen, I refrain from making any, further discussions regarding all other evidence connected with this particular aspect of the case.

The Union had raised a question of victimisation of the workmen retrenched. In the previous decision concerning retrenchment of 52 persons, I found this point against the Union. Similarly, in the present case also I am unable to find that there was victimisation against the 5 retrenched persons of the present case. So far I found that the retrenchment of the concerned workmen was unnecessary and unjustified for reasons already given. There is another aspect of the case, viz., the legal aspect. According to the Union, proper notice of retrenchment was not given according to section 25F(c) of the Industrial Disputes Act, read with rule 77 of the West Bengal Industrial Disputes Rules of 1958. In the previous judgment of mine I found that one month's notice was not given to the Labour Commissioner and the Conciliation Officer, as required under clause (1) of rule 77 of the said Rules, and that it could not be said that the retrenchment was made with immediate effect, and the point was covered by the proviso to rule 77(1). The Company, in my view, appears to have committed similar blunder in the present case also. Under rule 77(1), the employer "shall" at least before one month of the actual retrenchment give notice thereof in Form P to the Labour Commissioner and to the Conciliation Officer concerned. The proviso states that where an employer retrenches any workman with immediate effect by paying him wages in lieu of notice, such employer shall immediately after such retrenchment give notice thereof to the Labour Commissioner and to the Conciliation Officer concerned in Form B. In the present case the notice given to the Government Officers is in Form 'P' (vide Ext. H). It was dated 31st August 1961, and appears

to have been received at the Government Offices on that very date (vide acknowledgment receipts, Exts. H-1 to H-3). Admittedly the retrenchment itself actually took place from 1st September 1961, the date following that of the issue of the notice. The retrenchment notice given to the workmen stated "You will be retrenched.....with effect from 1st September 1961" (vide Ext. 2). That notice is dated 31st August 1961. It is clear, therefore, that the notice was given one day earlier while the retrenchment was to be effected one day later. Thus, the notice, Ext. H, is not a proper notice of one month as required under rule 77(J). Nor, in view of the above facts and circumstances, it can be said that the retrenchment was given immediate effect by the said notice, and hence the proviso to that Rule was complied with. In case where immediate effect is given to retrenchment by paying wages in lieu of notice, a notice to the Government under the rule is to be given immediately after such retrenchment. But the notice given to the Government in the present case was one day before the actual retrenchment. Thus there is no question of compliance with the proviso to the said rule. In all these views, therefore, I hold, as before, that notice in the prescribed manner was not served on the appropriate Government, and hence section 25F(c) of the Industrial Disputes Act was clearly violated. In the result, the retrenchment in question is illegal as well. In view of the above findings the retrenchment of the five workmen of the present case is unjustified as well as illegal, and these workmen are entitled to the reliefs claimed for.

The Company is directed to reinstate them by way of suitable absorption in the Calcutta Branch or by suitable transfers, as may be necessary, with continuity of service, and shall pay them all back wages since the time of their retrenchment, after adjusting the retrenchment compensations and notice pay already paid to them. These directions shall be complied with within one month from the date of publication of this award in the "Calcutta Gazette".

Award is passed accordingly.

For the Union: Shri S. M. N. Imam, General Secretary of the Union and Shri Moni Bose, Assistant Secretary of the Union.

## AWARD

By Order No. 360-I.R./IR/4L-4/62, dated the 2nd February 1962, the Government of West Bengal, in the Labour Department, referred under section 10 of the Industrial Disputes Act, 1947, the industrial dispute between Messrs. J. K. Dutta & Sons, 86 Monohar Das Street, Calcutta, and their workmen represented by Calcutta Boatmen Union, 11J Watgunj Street, Calcutta-23, regarding the matters

specified in the schedule, to the Third Industrial Tribunal, constituted under section 7A of the Industrial Disputes Act, by notification No. 808-I.R./IR/3A-2/57, dated the 11th March 1957, for adjudication.

**Issue**

Whether the termination of service of Sk. Sakoor Manjhi and Sk. Musraf of Boat No. 4, Branded No. A 5066 is justified? To what relief, if any, are they entiled?

This reference relating to an industrial dispute existing between Messrs. J. K. Dutta & Sons, 86 Monohar Das Street, Calcutta, (hereinafter be referred to as the Company), and their workmen represented by Calcutta Boatmen Union, 11J Watgunj Street, Calcutta-23 (hereinafter be referred to as the Unon), came from the Government for adjudication of the dispute.

As usual immediately after receipt of the reference in February this year, notices were promptly given to the parties who entered appearance and filed their respective written statements. Preliminary steps having been completed the case was ripe for hearing, but meanwhile parties have successfully settled their disputes amicably and have filed a joint petition of compromise on 4th November 1962. In terms of the joint petition of compromise, the Company was to pay a lump sum amount of Rs. 450 to the workmen by Friday the 7th December 1962. The payment has since been made before this tribunal as agreed upon. I have heard the representative of the parties and considered the terms of settlement as embodied in the joint petition of compromise. The terms appear to be fair and reasonable. The terms are accordingly accepted and the award is given on compromise in terms of the joint petition of compromise filed on 4th December 1962 which do form a part of the compromise award as an annexure.

This is my award.

(2) If it appears to the Tribunal at any subsequent stage that an appeal should have been presented to another Tribunal, it shall send the appeal to the Tribunal empowered to deal with it and shall inform the appellant (and the opposite party, if he has received a notice of the same) accordingly.

(3) The Tribunal to whom the appeal is transferred under sub-paragraph (2) may continue the proceedings as if the previous proceedings or any part thereof had been taken before it, if it is satisfied that the interests of the parties will not thereby be prejudiced.

11. The Tribunal may reject a memorandum of appeal, if it is not in proper form or return it for being amended within such time as it may allow. On representation after such amendment, the memorandum shall be signed and dated by an officer authorised in this behalf by the Tribunal.

17. Where on the day fixed for hearing or any other day to which the hearing may be adjourned, the appellant appears and the respondent does not appear when the appeal is called for hearing, the Tribunal may hear the appeal *ex-parte*.

18. An authorised representative appearing for the appellant or the respondent at the hearing of an appeal shall file a letter of authority before the commencement of the hearing, if the same has not been filed earlier.

19. If an application is presented by any party to the proceedings for examination of any witness, the Tribunal may on payment of such expenses and fees, as it considers reasonable, issue summonses for the appearance of such witness, unless it considers that his appearance is not necessary for the just decision of the case.

20. If the Tribunal requires any document to be produced or any witness to be examined or any affidavit to be filed to enable it to pass orders or for any other substantial cause, or if the competent authority has decided the case without giving sufficient opportunity to the appellant to adduce evidence, the Tribunal may allow such document to be produced or witness to be examined or affidavit to be filed or may allow such evidence to be adduced.

21. The Tribunal shall cause a memorandum of the substance of what each witness deposes to be taken down, and such memorandum shall be signed by a member and shall form part of the record.

22. (1) For the purposes of assessment of compensation, the Tribunal may, at its own motion or otherwise, in appropriate cases, direct the production of the property to which the compensation relates for inspection by it and where such property cannot conveniently be produced at the headquarters of the Tribunal, the Tribunal may, after giving to the parties or their representatives notice of its intention to conduct such inspection, inspect the property at any other place where it can be conveniently produced by the party having its custody for the time being.

(2) It shall be the duty of the party having custody of the property in question either to produce the same for inspection or to give such facilities for such inspection as may be required by the Tribunal.

(3) Any party, or its authorised representative, may accompany the Tribunal at a local inspection.

(4) Members who have to undertake any tour for the purposes of such inspection shall draw travelling allowance in accordance with the rules of the appropriate Government applicable to them in this behalf.

(5) Any inspection done under sub-paragraph (1) by one member shall be deemed to have been done on behalf of the Tribunal.

(6) The Tribunal, after making such inspection, shall note briefly in a memorandum any facts observed, and shall show the memorandum to any party who desires to see the same.

(7) The memorandum shall form part of the record.

23. The Tribunal shall cause to be maintained a brief diary of the proceedings in each appeal.

24. The Tribunal may, after giving all the parties to the appeal an opportunity of being heard and after making such enquiry as it may consider necessary and just, make in writing the order setting forth the grounds for its decision regarding the amount of compensation which, in its opinion, should be allowed for the property and of the apportionment of the said compensation among all persons entitled to it. The Tribunal shall, at the same time, deliver or send by the registered post to all parties to the appeal and to the competent authority a copy each of the order together with the grounds on which the order is passed.

25. If the members of a Tribunal constituted for any area differ in their assessment of the compensation payable to the owner of the property, the record of the case in question along with a comprehensive statement thereof shall be forwarded to the Central Government by the Tribunal stating clearly the points of difference between the members, for taking the necessary action under sub-rule (3) of rule 113.

26. On receipt of the record of the case under paragraph 25, the Central Government shall forward the same to a member of a Tribunal constituted for any other area requiring him to examine the case and give his opinion on the point or points of difference between the members of the Tribunal who originally dealt with it; and such member shall record his opinion and send the same to the Central Government along with the documents received with such reference.

27. Such opinion together with the documents received shall be sent by the Central Government to the Tribunal which was originally dealing with the case; thereupon, the Tribunal shall decide the case according to the opinion of the member of the Tribunal to whom the matter had been referred by the Central Government under paragraph 26.

28. The Tribunal may, at any time within 90 days from the date of the order, with a view to rectifying any mistake apparent from the record, amend any order passed by it, and shall make such amendment if the mistake is brought to its tnotice by the appellant or the competent authority:

Provided that an amendment which has the effect of enhancing or reducing the amount of compensation shall not be made under this paragraph, unless the Tribunal has given notice to the parties concerned of its intention to do so and has allowed them a reasonable opportunity of being heard.

29. The order of the Tribunal shall be in writing and shall be signed and dated by the members constituting it.

30. (1) The order passed under paragraph 24 shall also state the amount of costs incurred by each party in the proceedings.

(2) Where the compensation determined by the Tribunal does not exceed the sum offered by the competent authority, the appellant shall be directed to bear his own costs and to pay as well the costs of the competent authority.

(3) Where the compensation determined by the Tribunal is not less than the amount claimed by the appellant and it is proved that he made a similar claim in the enquiry by the competent authority prior to the determination of compensation, the competent authority shall be directed to bear his own costs as well as those of the appellant.

(4) Subject as aforesaid, the apportionment of costs shall be in the discretion of the Tribunal.

(5) Where the costs of the competent authority have been ordered to be paid by the appellant, the competent authority may deduct the amount of such costs from the compensation amount payable to such person.

31. A Tribunal shall not, merely by reason of a change in its members, be bound to recall and rehear any witness who has given evidence, and it may act on the evidence already recorded by or produced before it.

32. Every notice, summons or order issued or made under this Order shall be served or issued in the manner laid down in rule 141 of the Defence of India Rules, 1962.

33. Subject to the provisions of this Order and the Defence of India Rules, 1962, the Tribunal shall have power to regulate its own procedure in all matters arising out of the exercise of its powers or of the discharge of its functions, including the place or places at which it shall hold its sittings.

## ANNEXURE

**In the matter of an industrial dispute between Messrs. Angelo Bros. Ltd., Cossipore, Calcutta-2, and their workmen represented by Angelo Bros. Mazdoor Union, 1 Joy Bhattacharjee Lane, Calcutta-3, and Angelo Bros. Workers' Union, 23/1 Cossipore Road, Calcutta-2.**

BEFORE THE FIFTH INDUSTRIAL TRIBUNAL, WEST BENGAL

Present:

Shri N. B. CHAUDHURI, Judge, Fifth Industrial Tribunal.

Appearances:

For the Company: Shri K. B. Bose, Counsel, and Shri R. Goswami, Officer of Bengal Chamber of Commerce and Industry.

For the Mazdoor Union: Shri Panchanan Bhattacharjee.

For the Workers' Union: Shri Ram Sen.

The Government of West Bengal by its Labour Department, Order No. 1864-I.R./IR/11L-64/61, dated 19th April 1961, referred to this Tribunal an industrial dispute between Messrs. Angelo Bros. Ltd., Cossipore, Calcutta-2 (hereafter referred to as the Company), and their workmen represented by Angelo Bros. Mazdoor Union, 1 Joy Bhattacharjee Lane, Calcutta-3 (hereafter referred to as the Mazdoor Union), and Angelo Bros. Workers' Union, 23/1 Cossipore Road, Calcutta-2 (hereafter referred to as the Workers' Union), for adjudication under section 10 of the Industrial Disputes Act.

The only issue referred to this Tribunal for adjudication in this case runs as follows:

Bonus for the year 1959-60.

After service of usual notices on the parties, they entered appearance and filed their respective written statements. The Mazdoor Union has filed a separate written statement and its case in short may be stated as follows: The Company is the premier shellac manufacturing concern in India and earns huge profits every year. There was an agreement between the Company and the Union of their workmen, and in terms of that agreement, the workmen used to get annual bonus on the basis of annual dividend declared, but there was a fixed minimum. The monthly paid incumbents were to get half in proportion to what others received. Subsequently, this Union put forward a demand that the calculation of quantum of bonus should be based on the Full Bench Formula evolved by the Labour Appellate Tribunal of India. After some negotiations, it was settled that bonus should be paid on the basis of Full Bench Formula, and the monthly paid workers would also get similar benefits with others. But in spite of the said agreement, the parties could not agree as to the quantum of bonus for the year 1959-60. After some concillations, however, there was a tripartite agreement that this dispute regarding bonus for the said year should be referred to the Tribunal for adjudication and hence this dispute.

The Workers' Union, however, files a different written statement, and its case may be briefly stated as follows: The Company employs about 1,000 workmen, but the wages paid to such workmen are much less than the minimum rates calculated on the basis of standard norms, and thus the wage rates of the workmen of this Company are far below the living wages. It is urged that since 1951 or so there was a bonus scheme settled by the workmen and the Management and this scheme was all along being acted upon. In this scheme, the payment of bonus was linked up with dividend subject to a guaranteed minimum of one full month's pay-cum-dearness allowance. The present Union represents now the largest majority of the workmen of this Company and yet without taking this Union into confidence the Management declared its decision to change the basis of bonus payment referred to above, on the plea of an alleged agreement between the Mazdoor Union and the Company. Accordingly, it is urged that the workmen represented by this Union are not bound by the said agreement, and it is insisted that bonus should be paid according to the old scheme. The Company having earned a substantial income during the year under consideration, the workmen are entitled to substantial bonus for the year concerned.

The Company's case as stated in its written statement may be briefly stated as follows: The Company concedes that in the year 1951 there was a tripartite agreement about payment of bonus in a particular way, and this agreement was reaffirmed on subsequent occasions also. But in 1960 there was termination of this agreement and a new agreement took place between the Mazdoor Union and the Company. According to that agreement, it was settled that thereafter bonus, if any, would be payable in accordance with the Full Bench Formula. But as the Company could not determine what should be the quantum of bonus payable to the workmen according to the said Formula for the year 1959-60, there was an agreement between the parties; and the Company made an advance equivalent to certain portion of basic wages earned by the workers during that year subject to the condition that the said advance would be adjusted against bonus, if any, that might be awarded by the Tribunal. The Company urges that the workmen have been making exorbitant demand

on account of bonus, and so their claim cannot be sustained.

Other facts will appear from the body of the award that follows:

**Decision**

From what I have stated above, it will be clear that the simple question is what should be the quantum of bonus, if any, payable to the workmen of the Company for the business year 1959-60. It is not at all in dispute that the business year of the Company ends on 31st August. So, I am concerned with the year commencing on the 1st of September 1959 and ending on the 31st August 1960. Before I make an attempt to determine the quantum of bonus, I must first decide what should be the basis of calculation of the bonus claimed. It is also clear that the workmen are not at one on their claim of bonus. According to the Workers' Union, bonus should be calculated on the basis of a scheme which was agreed upon between the parties in the year 1951, while according to the Mazdoor Union bonus should be calculated in accordance with the Full Bench Formula, because the old agreement has since been terminated by a valid notice and it has been replaced by a new agreement between the Mazdoor Union and the Management. It is conceded on all hands that there was an agreement between the workmen and the Management in respect of bonus since 1951. It is also not in dispute that right up to 1958 bonus was paid on the basis of this agreement. It may be mentioned in this connection that right up to 1958 or so, all the agreements were between the Mazdoor Union and the Company, presumably because the Mazdoor Union was the only Union then to represent the workmen of the Company. It is also clear that since then another Union, namely, Workers' Union has cropped up. Presumably the Workers' Union has since been registered, but the Management has not yet recognised this Union. There is nothing on my record to show what was the date of birth of this Workers' Union. All that I see is that the latest agreement between the workmen and the Management was made not only by the Mazdoor Union but also by the Workers' Union. But this latest agreement to which the Workers' Union was also a party is a recent incident, and there is nothing on my record to prove that at the time of termination of the old agreement by the Company this Workers' Union had its lawful existence. Be that as it may, it appears that the Company by a letter, dated 7th March 1960 (vide Ext. 2-E), terminated the old bonus scheme which linked bonus with dividend. It is also clear from evidence that some time after this notice, there was an agreement between the Mazdoor Union and the Company, and according to that agreement bonus, if any, was to be calculated in accordance with the Full Bench Formula. There is no dependable evidence to show that the Workers' Union had its existence, to the knowledge of the Management at the time this new agreement was entered into. Moreover, irrespective of the question whether this Workers' Union had its existence or not at the time of the latter agreement in respect of bonus, it may be pointed out that the original agreement regarding bonus which linked up bonus with dividend was between the Mazdoor Union and the Company, and the new agreement regarding bonus was also modified by an agreement between the Mazdoor Union and the Company. In fact, the Workers' Union was no party to the former agreement also, and as such there was nothing illegal or unreasonable, if the former agreement was replaced by a new agreement between the same parties. Even assuming that the new agreement between the Mazdoor Union and the Company regarding bonus is not binding on the Workers' Union or all the workers concerned, it may be pointed out that the Company lawfully terminated by a notice the former agreement. So, in accordance with the existing law, the profit sharing bonus, if any, must be determined on the principles laid down by the Full Bench Formula. Thus, in any view of the case, the question of determining bonus in the present case in accordance with the 1951 scheme no longer arises. So, my considered opinion is that in the present case, bonus payable, if any, must be calculated on the basis of the Full Bench Formula.

For maintaining a claim of bonus according to the Full Bench Formula, it must be seen if the Company really earned some profits during the business year in question. If the Company incurred loss, no question of payment of bonus does really arise, because this formula contemplates a profit sharing bonus only. In this connection, I may refer to Ext. A, which is a report of the Directors of the Company and includes accounts for the year under consideration. Page 13 of the said Exhibit showing profit and loss account of the year reveals that the Company earned a net profit of Rs. 8.64 lakhs during the year. So, the first condition of applying the Full Bench Formula in the present case has been satisfied.

A profit sharing bonus is intended to fill up the gap, if any, between actual wages paid by the Company to its workmen and the living wage standard. So, it must be considered whether the existing wages paid by the Company to its workmen really satisfy the living wage standard. The learned Counsel representing the Company cites before me an award passed by one of the local Tribunals wherein it has been opined that this Company has been actually paying very fair wages to its workmen. Be that as it may, I am not concerned with what opinion has been passed by any Tribunal on an earlier occasion. I may only mention here that the said observation was made in connection with the workmen's claim for fixation of wages and not in connection with the application of the Full Bench Formula in deciding any bonus claim. So, I am to consider whether the wages paid by the Company have actually reached the living wage standard. The wages paid by this Company may be fair compared to the wages paid by other similar concerns. But that does not prove that the standard of wages actually paid by this Company really reached the living wage standard. It appears from various charts and figures that the minimum wages paid by this Company are nearabout Rs. 90 per month. It also appears that the average earnings of daily rated workers or operatives come to about Rs. 135 per month. Similarly, the average wages paid to clerical staff-cum-durwans come to about Rs. 310 per month. In this connection I may refer to a decision of the Hon'ble Supreme Court in the case of Standard Vacuum Refining Company of India Ltd., and its workmen (1961 I L.L.J. 227) wherein it has been held by their lordships as follows:

> "In deciding the question whether the living wage has been introduced by an employer, normally it would be necessary to examine the wage structure paid to the relevant working class

as a whole. It is established that the claim for bonus is recognised on the basis of the contribution made by the working class as a whole to the profits of the employer, and it would be invidious and unreasonable to isolate a few cases where higher wages may be paid and to claim immunity from the payment of bonus in respect of such cases. In the absence of special circumstances, prima facie, the most expedient method to adopt would be to take the average of the wages paid to the relevant working class as a whole. On the materials on record, it must be held that Rs. 273.65 nP. which is the average of the operatives and Rs. 301.16 nP. which is the average of the operatives and the clerical staff together, and Rs. 370.15 nP. which is the average of the clerical category could not be considered to have reached the standard of a living wage. They fall far short of the standard of the living wages. They may be treated as approximating to the lower level of the fair wage."

Judged by the standard laid down by their lordships as above, it can be at once held that the wages paid by the present Company to its workmen may fall far short of the fair wages far less living wages. In this view of the matter, I can at once conclude that the workmen can rightly claim profit sharing bonus out of available surplus, if any, during the year in question.

Now I shall proceed to determine if there is any available surplus for the purpose of bonus out of profits earned during the year. According to the Full Bench Formula, the first step that I should take in this connection is to ascertain the gross profits of the year. From the gross profits, I shall have to deduct prior charges in accordance with the said formula, and if there be any surplus thereafter the workmen will be entitled to a share of the available surplus by way of bonus. Accordingly, both parties have filed their calculations of available surplus. I may mention in this connection that the calculation filed by the Mazdoor Union is not strictly in accordance with the principles formulated by different decisions of the Labour Appellate Tribunal and the Supreme Court. I need not discuss the details of this calculation for finding the available surplus, if any. It will be sufficient for my purpose if I consider the calculations filed by the Workers' Union and the Company. So, before I proceed to discuss the differences between these two parties, I may quote in extenso these two calculations for facilitating discussion.

Form the two calculations quoted above, it will be at once clear that the Company earned a net profit of Rs. 8.64 lakhs as per Profit and Loss Account (hereafter referred to P/L Account). Both the workmen and the Company agree that the provisions for income-tax, depreciation and bonus should be added back for ascertaining the gross profits. From page 16 of Ext. A it will be clear thtat the Company provided Rs. 3.19 lakhs towards bonus to be paid to the factory staff and workmen. The Company thinks that this amount alone should be added back for ascertaining the gross profits. But according to the workmen, specially the Workers' Union, bonus and commission paid to the executive staff as shown at page 15 of Ext. A should also be added back. The learned Counsel for the Company contends that bonus and commission at page 15 of Ext. A cannot be added back for ascertaining the gross profits, because these amounts are meant for senior and junior executive staff. The oral evidence of O.P.W. 1—Shri Parimal Bose, Accountant of the Company—is that the amount of commission is meant for the senior executive staff and they are not entitled to any bonus. He adds that bonus as at page 15 of Ext. A is meant for the junior executive staff, and so this amount should not be taken into consideration in this connection. But the Company has not been able to show any proper reason why bonus paid to the junior executive staff should not be taken into consideration for computing bonus. Bonus paid to any staff cannot ordinarily be treated as a contructual payment. The dictionary meaning of the word "bonus" is: "A boon or gift over and above what is nominally due as remuneration to the receiver and which is therefore something only to the good". In this view of the matter, bonus paid to the executive staff or the factory staff cannot be treated as contractual obligation of the Company. So, such bonus must be added back irrespective of the question whether such provision was made for the junior executive staff or the factory staff. The question of commission however stands on a different footing. The commission paid to the senior or junior executive staff on the basis of a formula authorised or sanctioned by the shareholders should be treated as contractual obligation, and thus such payment should be ranked as revenue expenditure. Accordingly I hold that the bonus shown at page 15 of Ext. A should be added back, and not the commission in question. So, a further sum of Rs. 14,520 should be added back under the heading bonus in addition to what has been added back by the Company.

From the Company's calculation of available surplus quoted above, it will appear that it seeks to deduct certain other items of revenue besides prior charges in accordance with the Full Bench Formula. Though no such item has been deducted by the Workers' Union in its calculation quoted above, the workmen have not raised any serious objection at the time of hearing in respect of certain items sought to be deducted by the Company. It is conceded by the Unions also that refund of employer's contribution towards insurance premiums, profit on sale of assets, and profit on redemption of investment should be deducted, because these are items of extraneous income or income relating to previous years. But the parties differ as regards dividend from the subsidiary Company, and interest and dividend on investments. According to the Company, these two items of income are extraneous, and so they should not be taken into consideration for the purpose of computation of bonus. On the other hand, the learned representatives of the workmen seriously contend that these two items should not be treated as extraneous income. In the year under consideration, the Company has earned a sum of Rs. 1,72,124 as interest and dividend on different investments and page 13 of Ext. A will show these figures. Page 9 of Ext. A, i.e., the asset side of the balance-sheet will show that the Company made trade investments to the tune of Rs. 5,47,611 on shares of an old Company and a subsidiary Company. Similarly, Company made investment of a sum of Rs. 1,97,250 in Government securities. Thus the Company earned a profit of about Rs. 1 3/4 lakhs. It may also be noted that this Company acquired 5,000 shares of the value of £1 each fully paid in a subsidiary Company at a nominal price of Re. 1 only for the entire shares. Evidently, this one rupee alone has earned a big amount as profit in the year under consideration. Accordingly, it is urged that these investments are not really in the normal course of business, and so the profit thereof should be treated as fortuitious income. O.P.W. 1, Shri Bose, states in his deposition that interest and dividend earned on investments are treated as extraneous income, because the workers had made no contribution in earning the same. He further adds that the invested amount in the subsidiary Company was taken from the general reserve of the Company. He also concedes that for earning a dividend of Rs. 30,000 and odd the Company was required to invest Re. 1 only in its subsidiary concern in England. From his deposition it appears as if this rupee one invested in the subsidiary Company in England was taken out of the general reserve. But he is silent as to the source of money invested in Lodna Colliery Co. Ltd., or in Government securities. Thus this witness appears to be too eager to take this nominal sum of rupee one invested in the subsidiary Company out of the reach of the workers by saying that rupee one was not taken out of the capital, but from the general reserves created out of profits. I may point out that the Company had sufficient paid up capital in its hand after meeting the expenses on fixed assets. So, it is difficult to understand why this rupee one should come from the general reserve and not from the capital. Page 14 of Ext. A will show that this concern came into existence long before 1932 presumably as a private limited Company or a proprietory concerns. In 1944, it was converted into a public limited Company. At that time out of the reserve in hand (evidently accumulated out of old profits) a large number of shares were issued without payment being received in cash, and these shares were treated as fully paid up. The liabilities side of the balance-sheet at page 8 of Ext. A will be clear on the point. Out of 3 lakhs of ordinary subscribed shares of Rs. 10 each, 279,930 ordinary shares were actually issued and treated as fully paid up without receiving any payment against them. From all these circumstances, it will be more or less clear that the investment in the subsidiary Company is nominal. Similarly most of the investments in the present concern are also more or less nominal. The major portion of the shares were acquired without any cash payment, but in lieu of profits earned from the business in previous years. In the circumstances, it is difficult for me to hold that these investments in the subsidiary Company or other Company were not really trade investments or investments in the normal course of business of this Company. The

Labour Appellate Tribunal in its decision in a case between Greaves Cotton and Company Ltd. versus Greaves Cotton and Allied Company's Employees' Union (1952 II L.L.J. 522) held that income from investments cannot be considered to be extraneous income when it was found that investment in shares of other Companies was a part of the business of the Company. Similarly, in other decisions also the Appellate Tribunal held that dividends received from such investments cannot be considered as profits extraneous to the business. In another case of Greaves Cotton and Company Ltd. (1954 L.A.C. 599), the Labour Appellate Tribunal similarly held that where a Company invested its monies out of its profits for a number of years by taking shares in allied concerns in order to protect or extend or add its main business, it must be held that the dividend received by the Company from such investments should be included in calculating the available surplus for the purpose of bonus. Of course, in a case between Kanpur Cotton Mills Branch and Kanpur Woollen Mills Branch and their workmen (1957 I L.L.J. 575), it was held that income from investments made by depreciation reserves must be regarded as extraneous profit. But I have already pointed out that there is no evidence before me that the investments in question were made out of depreciation reserves or any reserve except the case of rupee one already referred to above. The very fact that 5,000 shares of the value of £1 each were acquired practically without any payment by this Company shows that the Company in its normal course of business from long ago was entitled to huge profits earned by the subsidiary Company and lying in its hand at about the time when these shares were issued in favour of the present Company. It may also be pointed out the Angelo Bros. of England, which is a subsidiary Company of the present concern, carries on business in respect of products of this Company also. Naturally, it can be presumed that the investment in that subsidiary Company was really in extension or in addition to the main business run by the present Company. Thus considering all facts and circumstances of the case, I think, the income on interest and dividend from the said investments should be taken into consideration while computing bonus in the present case, and there is no justification for differentiation between income resulting from utilisation of Company's money and other income derived directly from the business operation of this Company. It goes without saying that the employees of this Company are required to maintain accounts, etc., in respect of income from these investments. So, I am unable to accept the contention of the learned Counsel for the Company that interest and dividend on investments in the subsidiary Company and other Company should also be deducted out of gross profits before ascertaining the available surplus.

Next, I shall pass on to the prior charges, which the Company can legitimately claim in accordance with the Full Bench Formula. The Company seeks to deduct Rs. .87 lakh on account of notional normal depreciation-cum-multiple shift allowance. The Workers' Union, however, contends that only Rs. .82 lakh should be deducted on this item. The learned representative for the Workers' Union contends that De-Wax Plant came into operation in the first part of 1961, and this was evidently a case of expansion. Hence, it is urged that a portion of depreciation claimed by the Company should be deducted as the expanded portion of the plant was not in operation throughout the business year in question. But the learned Counsel for the Company urges that in fact this portion of the plant has not been taken into consideration in assessing the normal depreciation. The fact remains that there is nothing sufficient to show that the amount of notional normal depreciation claimed by the Company is really excessive. The Accountant of the Company (O.P.W. 1) swears that Ext. B shows the normal depreciation as allowed under the Income-tax Act. It is contended that it shows the notional normal depreciation as well, and the calculation is correct. There is nothing to show in that chart that the De-Wax Plant of 1961 was included in it. Normally, the normal depreciation does not exceed the notional normal depreciation. So, for the purpose of this case, it may be at once accepted that the depreciation claimed by the Company is correct according to the Full Bench Formula. The Company has claimed Rs. 7.61 lakhs as income-tax, but the Workers' Union has assessed the figure a bit lower. I find no basis for the Union's calculation of income-tax, and so I accept the Company's calculation in respect of this item also.

The paid up capital of the Company amounts to Rs. 30 lakhs, and the Company claims six per cent. return thereon in Ext. A-1. The Union in its calculation, however, submits that the return should be calculated at five per cent. only. At the time of hearing, however, the learned Counsel for the Company urges that the return should be eight per cent. or so, because under the present law for giving six per cent. or more dividend to the shareholders, the Company has to pay 30 per cent. thereof to the Government as additional tax. In this view of the matter, the Company claims a sum of Rs. 2.57 lakhs as return on paid up capital. After carefully considering the facts and circumstances of the case, I may observe that the Union has not been able to show any reason why the return should be allowed at an unusually low rate, i.e., five per cent. On the other hand, I also do not think that the rate of return should be raised to eight per cent. or so, simply because the Company is required to pay additional tax to Government in case of its payment to shareholders' dividend at the rate of six per cent. or more. From Ext. A it will appear that the Company proposes to pay dividend at the rate of 25 per cent. to its shareholders. So, I do not think, I should provide any extra return, simply because the Company proposes to give dividend at a very high rate. To me it appears that six per cent. return as originally claimed by the Company will be a just return for the paid up capital. So, I allow Rs. 1.80 lakhs on account of return on paid up capital. I shall remember this contention of additional tax on account of dividend while distributing available surplus, if any.

The Workers' Union in its calculation does not take into consideration any return on working capital or any provision for rehabilitation. The Company, however, seeks 4 per cent. return on a sum of Rs. 31.11 lakhs on the allegation that this amount of reserve was employed as working capital throughout the business year in question. Exhibit C shows how the Company has assessed this working capital. Exhibit C as well as liabilities side of the balance-sheet show that the Company had about

Rs. 41.69 lakhs as actual reserves. Exhibit C will further show that the Company had net assets worth about Rs. 71.69 lakhs. The paid up capital of the Company amounts to Rs. 30 lakhs only. Thus according to the Company, Rs. 41.69 lakhs less investments was the working capital of the Company. The Company, of course, deducted Rs. 10.57 lakhs which was invested in Government Securities and other trade investments, the income whereof was sought to be excluded on the plea that it was an extraneous income. But I have already shown that these investments were realy part of the normal business of the Company. So, if any portion of reserve found place in investment, the Company can legitimately claim return thereon at a reasonable rate. But the Company has not deducted "cash in hand and in Bank" out of the amount said to have been used as working capital. Page 11 of Ext. A will show that the Company had Rs. 11.81 lakhs as "cash in hand and in Bank." So, this amount should be deducted out of the said working capital. Thus a reserve of about Rs. 29.88 lakhs at most was available for user as working capital by the Company. The real question is whether this entire amount was actually used as working capital and throughout the year. The Company's Accountant, Shri Bose (O.P.W. 1), states in his examination-in-chief that the amount of general reserve which has been used as working capital in the year under consideration has been so used throughout the year. But the witness does not explain how he comes to the conclusion that the entire amount was used as working capital and throughout the year. In his cross-examination he, however, states as follows:

> "There is an account in the Head Office to show what amount of reserve was actually used as working capital during the year under consideration. There are separate ledgers maintained in respect of reserve and surplus shown in the liabilities side of the balance-sheet. Our ledgers will show what particular amount was drawn out of plant and obsolescence reserve on any particular day for use as working capital. Similarly if any amount has been drawn from any other reserve for use as working capital that will also be apparent from our ledger. I cannot say if there is any resolution of the Company's Directors regarding user of such fund as working capital. These ledgers are maintained in the Head Office, and I am not in charge of the same. So, it is not possible for me to say what part of reserve was utilised as working capital and for what period."

Thus from the admission made by Shri Bose in his cross-examination it is clear that he is not in a position to say whether the entire outstanding reserve available for user as working capital was actually so used throughout the year. It is also clear from his evidence that the Company had documentary evidence, thus the best evidence in its custody to show what part of the reserve was actually used as working capital, but it did not produce the same to support their contention. The learned representative for the Mazdoor Union has drawn my attention to the position of the Company's current assets at the commencement of the year as also on the closing date of the year. From Ext. E-I it will be seen that at the commencement of the year the Company had in its custody stores, finished goods, raw materials, etc., worth about Rs. 26 lakhs only. But by the end of the year, such stores, etc., in the Company's custody were valued at more than Rs. 51.59 lakhs. At the close of the last but one quarter of the year, the worth of these items was about Rs. 28 lakhs only. Thus it is sufficiently clear that only at the close of the year the worth of this portion of the current assets became all on a sudden almost double than what it was at the commencement of the year. Thus it is evident that the quantum of working capital rose very high sometime in the last quarter of the year, though it is not made clear how and when that working capital so multiplied. It is therefore absurd to suggest that the entire reserve was actually required to be used as working capital throughout the year. For some reason or other, by the close of the year the quantum of working capital rose very high, but not in other parts of the year. So, I am unable to accept the statement of Shri Bose that the said amount of reserve was used as working capital throughout the year. I have already shown that the Company had the best evidence on the point, and yet it withheld the same for some reason or other. I am afraid, there is sufficient reason for the Company for withholding the best evidence on the point, and there must be adverse presumption against it. Thus my considered opinion is that the Company has not been able to prove by proper evidence what portion of the reserve was used as working capital in different parts of the year or for any particular portion of the year. In this state of evidence, I think, the Company is not entitled to any return for any portion of reserve used as working capital. Some portion of the reserve might have been used as working capital at some point of time, but it is not possible for me to determine the quantum of reserve so utilised or the period of user in this case. Accordingly, I reject the claim for return on reserve used as working capital.

Last but not the least, the Company claims for a sum of Rs. 6,98,657 as extra provision for rehabilitation in addition to notional normal depreciation already allowed. Exhibits D and D-1 are purported to show how this claim for rehabilitation has been calculated. I have carefully scrutinised these calculations submitted by the Company. The Company has assessed different multipliers for different blocks of plants and machineries. In Ext. D-2 the Company purports to show how the replacement cost was multiplied in the past. According to this chart, the multiplier for machineries varies from 1.5 to 4.6. Thus according to the Company, the actual quotations show higher multiplier than what has been claimed by the Company. O.P.W. 1 Shri Bose (Company's Accountant) states in this connection that Ext. D-2 shows the probable replacement cost and this has been ascertained from the actual quotations received from the manufacturers concerned and that though the actual quotations may show higher multiplier, they have adopted a lower multiplier. No doubt Ext. D-2 shows higher multiplier in some cases. But according to this chart, the rise in the cost of replacement appears to be rather arbitrary. For instance, certain block purchased in 1947-48 is sought to be replaced by a block at a cost 4.6 times above the original cost. On the other hand, another block purchased in 1951-52 is required to be replaced by a block the cost of which is 1.7 times higher than that of the original block. Similarly, another block purchased in 1952 is required to be replaced by a block the cost of which is 3.6 times higher than that

of the original block. These arbitrary figures regarding the cost of replacement lead me to believe that these replacements really includes the elements of expansion also. It is quite likely and natural that the new machineries by which the old ones are sought to be replaced are more efficient and have greater productive capacity, and thus they are far more costly too. One can easily imagine that the up-to-date machineries are often much better than the older ones in many respects. So, the multipliers cannot be determined by simple multiplication. The ratio between the original cost and the replacement cost is to be determined after carefully considering the facts and circumstances on record. Considering all circumstances, I think, the multipliers for blocks of plants and machineries up to 1939-40 should be reduced, and similarly the multipliers for blocks of plants and machineries from 1945-46 to 47-48 should also be reduced to some extent. As regards block of buildings up to 1939-40, I think, the multiplier should be fixed at 2 only and not at 2.25. I do not like to disturb the multipliers regarding other blocks of plants and machineries and buildings.

The Company's witnesses including the Accountant and the Engineer assessed the useful life of plants and machineries at 25 years and that of buildings at 35 years. I have carefully considered their evidence in the light of the evidence given on behalf of the workmen. In this connection, I may at once observe that the evidence on the side of the workmen on the point is not very happy. P.W. 1 Md. Ismile in his deposition assessed the useful life of plants and machineries at 35 to 40 years. But from his cross-examination it is sufficiently clear that he has no idea whatsoever regarding useful life of plants and machineries, and his evidence is based purely on hearsay. P.W. 2, Shri Ram Bahal Singh, says that the machineries of this Company will give effective service for 25/30 years. I have already pointed out that according to the Company also the period of useful life of plants and machineries is 25 years. Thus practically there is little or no difference between the assessments made by the witnesses examined both by the Company and the Union. Accordingly, I think, the Company has rightly assessed the useful life of plants and machineries and also of the buildings. So, I accept their divisers for the purpose of calculating rehabilitation and replacement cost. The annexed chart marked 'A' will show what will be the total replacement cost for the plants and machineries and buildings of the Company; and also what should be the annual requirement for replacement. From this chart, it will be clear that the total requirement for replacement will be Rs. 58,58,737, and the annual requirement on that basis will be Rs. 9,12,231. From page 14 of Ext. A it will appear that the Company has already provided before the year in question a sum of Rs. 25,31,401 for depreciation purpose. So, I can at once assume that this depreciation fund is there to meet the replacement cost. Page 8 of Ext. A will also show that the Company had about Rs. 37 lakhs as reserve (not earmarked for any specific purpose). I have already shown that the Company has failed to prove that any portion of this reserve was actually used as working capital during the year under consideration. The total requirement for replacement comes to about Rs. 58 lakhs, and the total amount in the control of the Company as depreciation fund and general reserve comes to more than 60 lakhs. So, I am afraid, the question of making further provision for rehabilitation does not arise at all. I may also incidentally point out that according to the Company's own calculation the total requirement for replacement purpose was about Rs. 66 lakhs, and the annual requirement was about Rs. 10 lakhs. So even if I accept the Company's calculation as in Ext. D as fully correct, the Company is required to make further provision of about Rs. 4 lakhs only towards depreciation. It may be mentioned here that for the year under consideration alone the Company has been allowed Rs. 87,000 as notional normal depreciation, and so the balance of requirement for replacement purpose will be easily available from the allowable normal depreciation during the remaining life of plants and machineries and buildings. So, my considered opinion is that I am not required to provide any further amount towards rehabilitation.

From the discussions made above, the calculation of available surplus according to the Full Bench Formula for the business year 1959-60 of this Company stands as follows:

| | | | Rs. |
|---|---|---|---|
| Net profit as per P/L Account .. | | | 8,64,413 |
| *Add back—* | Rs. | | |
| Provision for income-tax .. .. .. .. | 7,30,000 | | |
| Provision for depreciation .. .. .. .. | 1,03,129 | | |
| Provision for bonus .. .. .. .. | 3,19,479 | | |
| | 14,520 | | 11,67,128 |
| | | | 20,31,541 |
| *Less—* | | | |
| Refund of insurance premium .. .. .. | 31,442 | | |
| Profit on sale of assets .. .. .. .. | 5,343 | | |
| Profit on redemption of investment .. .. .. | 19,125 | | 55,910 |
| Gross Profits .. | | | 19,75,631 |
| *Deduct prior charges—* | | | |
| Notional normal depreciation .. .. .. | 87,583 | | |
| Income-tax .. .. .. .. .. | 7,61,716 | | |
| Return on paid up capital .. .. .. | - 1,80,000 | | 10,29,299 |
| Available surplus .. | | | 9,46,332 |

I have shown above the available surplus out of the profits of the year under consideration. Now I am to examine how this surplus should be distributed amongst the different claimants—the Company, its shareholders and the workmen. It is highly desirable that there should be equitable distribution of this surplus amongst these three claimants. The Company can legitimately claim a portion thereof for expansion and also as provision for lean years, if any, in future. If there be any extra profits, the shareholders also can legitimately claim an extra share of dividend, while the workers also can claim a share of the profits for filling up the gap between their actual wages and the living wage standard. I have already pointed out that the Company pays fair wages to its workmen compared to other neighbouring industries. The Company has already decided to pay division of about 25 per cent. of share capital to its shareholders. But I have allowed a return of 6 per cent. only in accordance with the Full Bench Formula. So, the Company can legitimately expect me to make some extra provision for shareholders. On the other hand, I may mention here that the Company will be entitled to some rebate of income-tax on account of payment of bonus. Furthermore, in order to give high dividend to its shareholders, the Company is to pay extra income-tax on that ground. In fact, on this ground the Company claims 8 per cent. return on paid up capital, and I did not think it fit to consider the rate of return on that basis. From a statement on record it appears that the monthly basic wages payable to the daily rated workers and the monthly paid workers amount to more than Rs. 54,000. It also appears that the Company has already advanced to these daily rated workers and the monthly paid staff Rs. 2,48,212 which is 9/24th of the basic wages earned by them during the year in question. I cannot but remember in this connection that I have not been able to provide any return on reserves used as working capital by the Company due to insufficiency of necessary evidence on the point. Thus keeping everything in the forefront of my mind, I think, it will be equitable to allow bonus to the workmen equivalent to 5/12th of the basic wages earned by them during the year under consideration and this shall be paid. I also think that further extra bonus should not be allowed, because this may create unrest and discontent amongst the workmen employed in other or similar industries in the neighbourhood. So, I direct that the amount already advanced by the Company should be adjusted against bonus payable to the workmen as per this award. The award shall be given effect to within 30 days of its publication.

This is my award.

BEFORE THE FIRST INDUSTRIAL TRIBUNAL, WEST BENGAL

Present:

Shri S. N. GUHA ROY, Judge, First Industrial Tribunal.

The Government of West Bengal, Labour Department, by its Order No. 4724-I.R./IR/10L-177/62, dated Calcutta, the 16th October 1962, has referred an industrial dispute between Messrs. Indo-Japanese Industries Ltd. and their workmen represented by Indo-Japanese Industries Workers' Union on the sole issue, namely, whether the termination of service of the following workmen is justified? To what relief, if any, are they entitled?

(1) Shri Sadhan Roy, (2) Shri Sunil Sarkar, (3) Shri Sankar Misra, (4) Shri Ranjit Sen, (5) Shri Subodh Bardhan, (6) Shri Sital Ch. Das, (7) Shri Dhirendra Ch. Saha, (8) Shri Shyamapada Dey, (9) Shri Dulal Biswas, (10) Shri Balai Dey, (11) Shri Prasanta Mukherji, (12) Shri Santosh Kundu, and (13) Shri Sukhamay Chakraborty.

The Company in due course filed its written statement and the Union was still to file its written statement but the parties filed on 8th December 1962 a petition stating that they have arrived at a settlement of the dispute between themselves and pray that an award may be made in terms of the memorandum of settlement attached to the petition. The memorandum of settlement is that out of the 13 workmen mentioned in the order of reference one Shri Dhirendra Chandra Saha (serial 7) though offered re-employment by the Company has failed and neglected to accept the same and five others, namely Shri Subodh Bardhan (serial 5), Shri Sital Ch. Das (serial 6), Shri Shyamapada Dey (serial 8), Shri Santosh Kundu (serial 12) and Shri Dulal Biswas (serial 9) have been re-employed by the Company and the Union agrees not to proceed with the claim of these six workmen either for reinstatement or for compensation against the Company. About the other seven the agreement between the parties is that Shri Sadhan Roy (serial 1) will receive from the Company a sum of Rs. 225 only, Shri Sunil Sarkar (serial 2) Rs. 262.50 nP. only, Shri Sankar Misra (serial 3) Rs. 227.50 nP. only, Shri Ranjit Sen (serial 4) Rs. 162.50 nP. only, Shri Prasanta Mukherji (serial 11) Rs. 195 only, Shri Balai Dey (serial 10) Rs. 227.50 nP. only and Shri Sukhamay Chakraborty (serial 13) Rs. 1,088 only and the Union agrees not to claim reinstatement of or any compensation for in all these six workmen.

The agreement is signed on behalf of the Union by the Vice-President and the Assistant Secretary of the Union and on behalf of the Company by its Managing Director. I am satisfied from my discussion with the lawyer Shri M. Saha, representing the Company and the Vice-President of the Union Shri Anil Das Choudhury that the terms are quite reasonable and fair and there is no reason at all why the Tribunal should not accept them. The award is accordingly made in terms of the memorandum of settlement attached to the petition of compromise. Let the petition of compromise and the attached memorandum of settlement form part of the award.

Taken at my dictation and corrected by me.

### Issue

Whether the workmen of the Machine Shop Section are entitled to Production Bonus which has been granted only to a section of the workers of the Machine Shop directly engaged in the work of (U) Couplings

This reference was made by the Government for adjudication of an industrial dispute existing between Messrs. Liluah Iron Works, Guha Park, Lilooah, Howrah (hereinafter be referred to as the Company) and their workmen represented by Lilooah Iron Workers' Union (hereinafter be referred to as the Union).

Immediately after receipt of the reference, notices were given to the parties, who entered appearance and filed their respective written statements. After completion of the preliminary steps the case was fixed for hearing, but the Union expressed a desire not to proceed with the reference any further. Both parties came to an understanding and so the dispute has not been pressed any further. Parties have accordingly filed a joint petition on 6th December 1962, whereby intimation has been given to this Tribunal of the Union's decision not to proceed further with the case on the ground that the workmen involved in the dispute are no longer interested in pursuing their claim in view of the fact that the quantum of maintenance work done by them in connection with the "U" Couplings production was very negligible and not measurable. Therefore, in the circumstances, a "no dispute" award is given as jointly prayed for by the parties. The petition of compromise do form a part of the "no dispute" award as an annexure.

This is my award.

The Government of West Bengal, Labour Department, by order No. 449-I.R.|IR|7L-46|61, dated 8th February 1962, referred under section 10 of the Industrial Disputes Act, 1947 (XIV of 1947), the abovementioned dispute to this Tribunal for adjudication.

This reference under section 10 of the Industrial Disputes Act is in respect of a dispute between Messrs. Empire Jute Co. Ltd., Titaghur, 24-Parganas (hereinafter named as the "Company"), and their workmen represented by the Bengal Chatkal Mazdoor Union (hereinafter named as the "Union").

### Issue

Has the new method of production introduced from the 17th July 1961 in the Preparing Department of the Empire Jute Mills in relation to Second and Third drawing, feeding and receiving frames resulted in an increase in workload? What relief, if any, are the workmen concerned entitled to?

### AWARD

The Union's case is that the Company employed 36 workmen in the Second and Third drawings, feeding and receiving frames in the Preparatory Section, that the Company from after 17th July 1961 reduced the total complement from 36 to 33 workmen in the Preparatory Section as a result of which there was an increase in the workload of the 33 workmen, that the workmen having protested the Company closed down the mill to force the workmen to accept the increase workload, and that although there were conciliation proceedings the Company refused to revert to the old system. The Union prays that the Company may be directed to revert to the old system to reduce the increased workload and to grant compensation to the workmen whose workload was increased on account of introduction of the new system.

The Company's case is as follows: In their endeavour to survive world competition the Jute Mills in India have started rationalisation of its working by introducing new and improved machineries and by curtailing employment of labour found excessive and unnecessary. This Company therefore gradually introduced one group of new and improved drawing machines in 1960-61 for the Second and Third drawings. One group consisted of six machines and according to the old system one operative worked one machine both for the purpose of feeding and receiving and the operative used to be constantly moving from one side of the machine to the other for feeding and receiving. But since the introduction of one group of six new and improved machines for the Second and Third drawings the works of feeding and receiving were separated and the reallocation of work was only a change in the technique of production resulting in reducing the workload and consequently curtail the strength of workmen in 6 machines from six to five Though the complement of the workmen was reduced from six to five the Company provided alternative appointment to the sixth man and there was no case of retrenchment of any workman.

**Decision**

The Union states in paragraph 2 of its written statement: "that to feed the looms of the Company it used to employ 36 workmen in the Second and Third drawings, feeding and receiving frames in the Preparatory Section". It is stated in the next paragraphs: "Then the Company all on a sudden after 17th July 1961 reduced the complements in the said receiving and feeding of the Second drawing and ordered rest of the workmen to operate and feed two Second drawings which is much more than the previous workload." It is the common case of the parties that for the Second and the Third drawings one group consisted of six machines and the Company employed one operative in each machine—both for the purpose of feeding and receiving. The Company states that their system of working, i.e., employment of one man for each machine to look after both feeding and receiving was "cumbrous and uneconomical" and the Company therefore made alteration in work after installation of new and improved machines, after consulting the members of the Works Committee as follows:

(a) One operative employed to feed Second drawings instead of feeding and receiving one Second drawing.

(b) One operative employed to receive one Second drawing and feed two Third drawings instead of each feeding and receiving one Third drawing.

(c) One operative employed to receive two Third drawings instead of each feeding and receiving one Third drawing.

The Company's case is that by the introduction of the new system 5 operatives in place of 6 are looking after the working of 6 machines without any increase of their workload and this system not only improved the working and efficiency of the work but also reduced the workload. The Company states that the sixth man from one group of 6 machines was given an alternative job and there was no case of retrenchment of any workman.

The only question for determination is if, by the introduction of the new system of work with new machines of Second and Third drawings, there has been any increase in the workload.

Regarding reduction in the number of operatives from six to five P.W. 2 Shri Sew Kumar Sahi says: "Since the introduction of the new system not a single permanent workman has been discharged from service". In the matter of rationalisation of work no Company can retrench or discharge any permanent worker. It is the admitted case of the parties that there was neither any retrenchment nor any discharge of a permanent workman of the Company. Regarding the dispute relating to workload P.W. 2 says: "In the old system 6 persons were required to work in one group, but on introduction of the new system the entire work is done by 5 workmen only". If considerations of other things are left out the Union's arithmetic that 5 workmen are doing the work of 6 will show increase in workload. But in finding out an answer I have to take into consideration the fact of installation of new and improved machines and introduction of new system of work.

It is an admitted fact that according to the old system of work one operative has to look after the working of one machine—front and near and all sides and is required to move about on all sides of the machine—feeding, receiving, removal of cans and rectifying defects and jams occurring on both sides of the machine. According to the new system the operatives work in a group of machines—some looking after operations on one side and some looking after on the other, some exclusively for feeding and some for receiving resulting in reduction of movements on all sides of the machines. Regarding removal of cans P.W. 2 says: "The contents of the 30 cans are received in 10 cans only after finishing in the Second drawing but according to the new system the contents of 40 cans are received in 20 cans only in the Third drawing. Previously one workman had to take charge of 60 cans but now he has to take charge of 40 cans only".

I went to the mills along with the lawyers of both the sides. The Works Manager and the Representative of the workmen explained the details of the working of both the old and new machines and I had the opportunity of seeing the operatives working under the old and new system. The operatives, at the old machines, I found constantly going round the machines for the purpose of feeding and receiving in the Second and Third drawings, whereas the operatives at the new machines working under the new system were more at ease and having to work mainly on one side of the machines were under lesser physical and mental strain. I noticed that 5 operatives of 6 machines of one group under the new system had easier work than the operatives of the other group of 6 old machines under the old system. It appeared clearly to me that there was no increase in the workload due to introduction of new method of production from the 17th July 1961 in relation to Second and Third drawings—feeding and receiving. The workmen concerned are therefore not entitled to any relief.

The learned lawyer for the Union referred to the recommendations of the 15th Session of the Indian Labour Conference held in New Delhi on the 11th and 12th July 1957. (Tripartite Conclusions, 1942-1962 at page 45.) The recommendation relates to "Model agreement to Guide Employers in regard to rationalisation." Rationalisation is better utilisation of men, machines and Management. It was recommended that:

(i) there should be no retrenchment of loss of earnings of the existing employees,

(ii) there should be an equitable sharing of benefits of rationalisation as between the community, the employer and the worker, and

(iii) there should be a proper assessment of workload.

It is the admitted case of the parties that when the new system was introduced on rationalisation the Company did not retrench any permanent workman. Since the introduction of the new system there has been higher production with lesser number of workmen and it has been found that there has been no increase in workload.

The Industrial Committee on Jute held its first session on the 1st and 2nd August 1958 and the Committee reviewed the recommendations in regard to rationalisation in the Jute Industry. The conclusions amongst others were that—

(i) rationalisation should not involve any involuntary loss of employment to existing personnel, and

(ii) stoppage of fresh recruitment until badli workers have been suitably absorbed.

I have already said that there was no case of retrenchment since the introduction of the new system of work, and it is the evidence that the workman who became surplus operatives from 6 to 5 was given an alternative appointment, i.e., suitably absorbed. Such being the case I find there has been no increase in the workload since the introduction of the new method of production and the workmen are therefore not entitled to any relief.

This is my award.

Sarat Textile, 9 B.T. Road, Calcutta-2, and their workmen represented by Cotton Textile Workers' Union, 7 Rani Rashmoni Road, Calcutta-13, regarding the issue mentioned in the said order, being a matter specified in the second schedule to the Industrial Disputes Act, 1947 (XIV of 1947), was referred to the Third Industrial Tribunal for adjudication:

And whereas during the pendency of proceedings before the said Industrial Tribunal Shri Mahadeo Ram, a workman of the said Company, made a complaint in writing to the said Industrial Tribunal against the said Company alleging that the said Company had dismissed the said workman concerned in such dispute;

And whereas in exercise of the powers conferred by section 33A of the Industrial Disputes Act, 1947 (XIV of 1947), the said Industrial Tribunal has adjudicated upon the said complaint and submitted its award to the State Government;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE

**In the matter of an application under section 33A of the Industrial Disputes Act, 1947, filed by Shri Mahadeo Ram, a workman, against Messrs. Sarat Textiles Ltd., 9 B.T. Road, Calcutta, in connection with Government order No. 268-I.R.|IR|8L-6|61, dated the 19th January 1961.**

BEFORE THE THIRD INDUSTRIAL TRIBUNAL, WEST BENGAL

Present:

Shri J. N. MANDAL, Judge,
Third Industrial Tribunal.

Miscellaneous Case No. 16 of 1962 under section 33A of the Industrial Disputes Act.

Shri Mahadeo Ram,
10|1, B.T. Road, Calcutta, Applicant
versus
Messrs. Sarat Textiles Ltd.,
9 B.T. Road, Calcutta, Opposite party.

For the workman: Shri Anil Das Choudhury, Advocate.

For the Company: Shri Jogesh Chandra Choudhury.

**AWARD**

This is a complaint under section 33A of the Industrial Disputes Act filed by a workman Mahadeo Ram against his ex-employer Messrs. Sarat Textiles Ltd. (hereinafter be referred to as the Company or the opposite party) of contravention of the provisions of section 33 of the Industrial Disputes Act. His case is that lastly he served as a boiler attendant for about 11 years but all on a sudden during the pendency of a dispute existing between the Company and its workmen he was charge-sheeted by the Company on 11th January 1961. He submitted written reply thereto. But there was a sham enquiry and as a result of the enquiry he was dismissed from service with effect from 22nd January 1962 without obtaining approval of this tribunal. Hence the contravention.

The opposite party (Company) resisted the petition of complaint by filing written objection and denying the allegations of sham enquiry and alleged contravention of the provisions of section 33 of the Industrial Disputes Act. According to the opposite party an application has already been filed before this tribunal for approval of the action taken against the workman.

The onus is upon the petitioner to establish the alleged contravention of the provisions of section 33 of the Industrial Disputes Act by the opposite party in the matter of dismissal of the petitioner for misconduct. The opposite party was ready for hearing of this case but the petitioner not only failed to attend this tribunal but also did not take any steps whatsoever. The representatives of the Union of the workers of the Company are present before this tribunal in connection with some other matters but they do not take any responsibility for the present petitioner. Therefore, in the circumstances, I have no other alternative but to treat this complaint as not pressed and as such it is dismissed for default and for want of proper prosecution.

It may, however, be noted that the workman in his complaint has pleaded contravention of the provisions of section 33 in general terms. He has stated therein that the Company has not applied for approval of the action taken against him and he was not tendered one month's wages in lieu of notice. But the Company's case is that it has already applied for approval under section 33(2)(b) of the Industrial Disputes Act and the workman has already received his one month's wages in lieu of notice along with his other dues. An application under section 33(2)(b) of the Industrial Disputes Act was filed before this tribunal on 29th January 1962, and in that case the Comapny has already proved acceptance of one month's wages and other dues by the workman concerned. Therefore, in any view of the matter the complaint cannot proceed. Accordingly it is disposed of.

BEFORE THE THIRD INDUSTRIAL TRIBUNAL, WEST BENGAL

Present

Shri J. N. MANDAL, Judge, Third Industrial Tribunal.

For the Union: Shri Ram Sen.

For the Company: Shri N. K. Mukherji, Advocate assisted by Shri D. M. Lahiri, Advocate.

**AWARD**

By order No. 5312-IR/IR/11L-328(A)/61, dated the 31st August 1961, the Government of West Bengal, in the Labour Department, referred under section 10 of the Industrial Disputes Act, 1947, the industrial dispute between Messrs. Vegetable Products Ltd., post office Belghoria, 24-Parganas, and their workmen represented by Vegetable Products Workers' Union, 49 Nimta Road, post office Belghoria, 24-Parganas, regarding the matters specified in the schedule, to the Third Industrial Tribunal, constituted under section 7A of the Industrial Disputes Act, by notification No. 808-IR/IR/3A-2/57, dated the 11th March 1957, for adjudication.

**Issue**

Whether the termination of service of the following workmen is justified? To what relief, if any, are they entitled?—

(1) Mongra, (2) Ladu, (3) Narayan, (4) Gurma, (5) Tunni, (6) Moheru, (7) Radheshyam, (8) Hardoo Singh, (9) Deonandan, (10) Sankar, (11) Gama, (12) Vikhari, (13) Raghunath, (14) Siddik, (15) Prabhu Nath, (16) Dhunky, (17) Jhakri, (18) Takwali, (19) Gopal.

This reference came from the Government of West Bengal, for adjudication of an industrial dispute existing between Messrs. Vegetable Products Ltd., Belghoria, 24-Parganas (hereinafter be referred to as the Company), and their workmen represented by Vegetable Products Workers' Union (hereinafter be referred to as the Union).

Immediately after receipt of the reference, notices were sent out for service upon both the parties who in pursuance thereof entered appearance and filed their respective written statements.

The Union's case in the written statement is that the Company is a prosperous unit engaged in the manufacture of vegetable product but its workmen are not being properly treated. The management arbitrarily terminated the services of 19 workmen named in the order of reference. There was no justification for the termination of services of these workmen. Hence the prayer is for reinstatement of these workmen with full wages and compensation for the period of forced unemployment.

The Company has denied the allegation of its unsympathetic attitude towards the workmen. According to the Company the wages of the workmen were revised by an award given by this tribunal on 28th June 1960 and the same has been implemented by the management. There was no attempt on the part of the management to disrupt any trade union movement as alleged by the Union. The Company's contention is that the first six workmen named in the order of reference were never employed by the Company and as such there was no relationship of employer and employee between the Company and those persons. As regards the remaining 13 workmen, i.e., Nos. 7 to 19, they were casual workmen engaged from day to day for casual nature of work. They worked on the basis of 'no work no pay' and a few of them at times might have worked as badli workmen but none of them has actually worked for 240 days during a period of 12 calendar months. The 13 workmen being casual workers, the management ceased to employ them as soon as the casual nature of work was completed. Therefore, they are not entitled to any relief.

**Decision**

The Union examined three witnesses and the Company examined one besides a number of documents tendered into evidence by both parties.

The Union's case, in the written statement, is not very clear. Its allegation is that the management "terminated the services of 19 workmen arbitrarily" but no date is given and no particulars about the alleged termination of services furnished. The workmen involved in the dispute under reference are 19 in number and out of them a solitary one, viz., P.W. 2 Jhakri, is examined by the Union and no reason has been assigned for non-appearance of the rest before this tribunal to support their alleged grievance. However, let me consider the evidence placed on the record. Before I go into the evidence I must point out that the Company has specifically pleaded in paragraph 3 of their written statement that the first six persons named in the order of reference never served under the Company and as such there was no relationship of master and servant between those persons on the one hand and the Company on the other. The Company's written statement was filed before this tribunal on 26th February 1962. In spite of the specific plea in respect of the first six persons taken by the Company, the Union has made no attempt to bring those six persons before this tribunal to prove their case of service, if any, under the Company at any point of time and to challenge the Company's contention in spite of the fact that a copy of the Company's written statement was timely received by the Union's representative. The Union's Vice-President, Shri Swadesh Ranjan Sarkar (P.W. 1), has been in service of the Company as a turner from the year 1955. He attempted to prove that all the 19 persons were in service of the Company but his evidence on the point is far from satisfactory. He does not remember exactly when the services of the workmen were terminated. He says that probably in the year 1960 services of all the workmen were terminated and it may be on the same date but he does not remember the date, that is, his evidence is based on his guess work and such shaky evidence can hardly be relied on, specially when the best evidence has been withheld for reasons unexplained. The six persons involved in the dispute have not come forward to support their case or no other evidence worthy of credence is forthcoming. P.W. 1 admits that the Company maintains attendance registers in respect of all workmen. The Company has produced attendance registers of the relevant period in respect of temporary workmen but nowhere in those registers appears the names of the six persons as workers. It is not the contention of the Union that they were permanent workmen of the Company. The Company's contention, as I have already stated, is that the first six persons named in the order of reference were never in service of the Company. Therefore, the Union ought to have examined these six persons to prove their alleged service, if at all any, under the Company. But the Union, for reasons best known to itself, did not care to examine any of them or did not assign any reason for their non-examination. The Union has, therefore, completely failed to prove by any evidence either oral or documentary any service rendered to the Company by the first six persons named in the order of reference at any point of time. Hence, in the circumstances, the Company's contention prevails.

Next I take up the case of remaining 13 workmen (Nos. 7 to 19). I have already pointed out that out of them a solitary workman Jhakri has been examined by the Union. He says that he served the Company for about 3 years as a Fireman in the Boiler Room. Then he went to his native village and did not come back for about 18 months. Thereafter he returned and the Company gave him some job and since then he is said to have worked for about six months or so. Therefore, it is clear from his evidence that whatever previous service he rendered to the Company was not a continuous one but there was a complete break of his service by his own voluntary conduct of absence from duties for as long a period as 18 months. Lastly, he is said to have worked for about six months or so. But illiterate man as he is, his calculation of six months' time is also extremely doubtful. He admits that he worked as a temporary worker and never made any contribution to any provident fund, and he never became entitled to hold a token issued by the Company to the permanent workmen. Therefore, it is very clear from his own admission that he was purely a temporary worker and he did not actually work under the Company for 240 days during a period of 12 calendar months. He admits to have received his daily wages at the end of every week from the Company by putting his thumb impressions against his name appearing in the attendance-cum-pay registers and he identified some of them. He was getting wages at the daily rate of Rs. 1.87 per day. Lastly, he had to admit that the Company extended its factory by installing new machines and for that purpose casual workers were engaged from day to day. This extension of the factory was done by the Company during 1959-60 and this workman Jhakri naturally was engaged for this casual nature of work on his return from home after long lapse of time in 1960. He was purely a temporary worker engaged for the casual nature of work, i.e., when the Company extended its factory in the year 1959-60, and according to the Company's Works Manager on the completion of the extension work there was no necessity to engage for any further work the workmen

who were doing the casual nature of the work during the period of extension of the factory. The Company has furnished before this tribunal a chart showing the period during which the casual workers worked and it appears from this chart (Ext. B) that none of them worked for 240 days during the period of 12 calendar months. P.W. 2 Jhakri was first employed on 16th February 1960 and he worked up to 20th June 1960 but not continuously. He worked for 102 days only. The chart, Ext. B, was prepared according to D.W. 1 the Works Manager of the Company with reference to attendance-cum-pay register of the temporary workmen. The attendance registers for the relevant period have been placed before this tribunal at the time of hearing. P.W. 3 Md. Hashim, an ex-employee of the Company, has tried to support the case of Jhakri. He says that he was in service of the Company in the year 1958-59 but he does not remember the date or month of termination of his own service in the year 1959. Although he does not remember his own affairs, he wanted to support the case of another person, namely, Jhakri. Therefore, it is extremely difficult to rely on the evidence of such a person. It appears that he is an unsummoned witness and has come to support the Union's case at the request of its Secretary. The Union has placed some letters issued by the Labour Officer, Barrackpore, in connection with the retrenchment of 29 workers but we know not the names of these 29 workers and the Union has made no attempt to show who the said 29 workers are. Therefore, these documents are of little assistance to the Union.

The Company admits that 13 of the workmen (Nos. 7 to 19) were casual workers and rendered their services as such during the extension of the factory in the year 1959-60. The names of these casual workers are included in the attendance registers maintained by the Company and the said attendance registers have been placed before the tribunal at the time of hearing to the knowledge of the Union who had opportunity to scrutinise them. On the Company's side there is the only witness who is the Works Manager of the factory. He was in charge of the extension work of the factory. He had full knowledge of the casual workmen engaged during the extension work of the factory. He says that some of the casual workmen at times were given the work of badli workmen and one of them Siddik, bearing serial No. 14, has since been taken in service and already made permanent. He has expressed the Company's desire that the temporary workmen who already rendered some services, though for short period, would again be taken back by the Company, if and when, the necessity arises but at the present moment there is no work in their hands to justify employment of any additional workmen.

The 13 workmen (Nos. 7 to 19) have been found to be temporary workers employed by the Company for casual nature of work during the extension of the factory in 1959-60 but none of them worked for at least 240 days in any calendar year or in 12 months. They worked for short periods as per statements Ext. B and the attendance registers of the relevant period placed before the tribunal. As temporary workers none of them had any token or enjoyed the facility of contributing to the provident fund. They all worked on the basis of "no work no pay". The only workman involved in the present dispute who gave evidence before this tribunal, P.W. 2 Jhakri, had to admit that he had no token during the period he worked. He had no facility to contribute to the provident fund. He was getting wages at the daily rate of Rs. 1.87 nP. per day. Admittedly, therefore, these workmen had no amenities enjoyed by the permanent workmen. P.W. 2 Jhakri had to admit that he was a temporary worker and as such he admits to have received his daily wages. He used to work on the term of no work no pay. In the attendance-cum-pay register he put his L.T.Is., on acceptance of his wages. This register of temporary workers will show that he was a temporary majdoor. He having worked as a temporary worker for less than 240 days during the period of 12 calendar months he was not entitled to claim permanency in accordance with the standing order of the Company. Ext. A is the certified standing order of the Company. It provides for termination of employment of permanent workmen and other temporary and casual workmen. In clause 11(b) it is provided that in order to terminate the service of a temporary and a casual worker there was no necessity to give notice or pay in lieu thereof. Therefore, termination of employment of these workmen who have been found to be casual or at best temporary workers were made in accordance with the certified standing orders of the Company. Accordingly the workmen are not entitled to any relief. Termination of employment of the workmen Nos. 7 to 19 was justified. Of course, the Company has since taken back one of them, namely, serial No. 14 Siddik who has since been made permanent as admitted by the Company. The first six persons named in the order of reference are found to have rendered no service to the Company. None of them has also come forward to support their case. Therefore, it has not been established before this tribunal that they are workmen of the Company. As such, they are also entitled to no relief.

This is my award.

This is a reference under section 10 of the Industrial Disputes Act of 1947 under Government of West Bengal, Labour Department, Order No. 4210-I.R./IR/15L-21/62, dated 17th September 1962, for adjudication on the issue, namely—

(1) Is the retrenchment of Shri Biswanath Gorain justified? To what relief, if any, is he entitled?

On receipt of this order of reference, usual notices were issued to both the parties, fixing 14th November 1962 for appearances and for filing written statements. On that date both parties remained absent and took no steps. But a copy of the petition, dated 31st October 1962, written by the workman concerned to the Labour Commissioner at Asansol was received by post in this Tribunal. The workman intimated by that letter that he had since been reinstated in service and did not want to proceed with the case. nstead of disposing of the case forthwith, special notices were again sent from this Tribunal by registered post to parties which appear to have duly received those notices. On 4th December 1962 the Secretary of the Union sent a letter under certificate of posting to the Tribunal which received the letter on 5th December 1962. This letter bears the seal of the Bankura Talkal Shramik Union as a mark of genuineness. In this letter it has been stated that the concerned workman has been reinstated and the dispute has been amicably settled with the Employer so that the case might be dismissed. The Company has remained absent all through. I am quite satisfied that the matter has really been amicably settled between the parties and no dispute is now existing between the parties. Hence I pass a 'no dispute' award in the present case.

ANNEXURE

**In the matter of an arbitration between Messrs. C. K. Sen & Co. (P.) Ltd., 34 Chittaranjan Avenue, Calcutta-12, and their workmen represented by C. K. Sen & Co. Workers' Union, 455A Diamond Harbour Road, Calcutta-34, in regard of an industrial dispute. (Government Order No. 1635-I.R./IR/15L-6/62, dated 7th May 1962.)**

Present:

Shri N. C. KUNDU,
Deputy Labour Commissioner,
West Bengal—Arbitrator

The Government of West Bengal by an Order No. 1635-I.R./IR/15L-6/62, dated 7th May 1962, published in the "Calcutta Gazette" under section 10A(iii) of the Industrial Disputes Act, 1947, an arbitration agreement in the prescribed form duly signed by the parties. The employer, i.e., Messrs. C. K. Sen & Co. (P.) Ltd. and their workmen represented by the C. K. Sen & Co. Workers' Union, had by a written agreement decided to refer the dispute to arbitration specifying my name as Arbitrator in the arbitration agreement. I agreed to act as Arbitrator.

On receipt of the aforesaid order, notices were issued to the parties for appearance and for filing written statement.

The specific matter in dispute as mentioned in the agreement is as follows:

"Is the dismissal of Jatin Das, a workman, justified? What relief is he entitled to?

After the notices were served, the workmen represented by C. K. Sen & Co. Workers' Union (hereinafter referred to as the Union) filed the written statement on 16th June 1961.

Messrs. C. K. Sen & Co. (P.) Ltd. (hereinafter referred to as the Company) filed the written statement on 16th July 1962.

The dispute was heard on 17th November 1962, on which date the parties appeared separately.

The Union in its written statement contended that Jatin Das was a permanent workman having put in 20 years of service prior to his dismissal. On 30th December 1961 the said workman was served with a charge-sheet bearing No. 6/61 which was duly replied to by him on 1st January 1962. He was dismissed on 16th March 1962, the Union challenged the dismissal as mala fide. The Union further contended that the allegations contained in the charge-sheet were vague, untrue and baseless and had submitted that the workman was not guilty of the charges levelled against him. The Union demanded reinstatement with full compensation for the period of unemployment.

The Company's case is that on 19th December 1961 a notice to the effect that workers supplied with aprons, shirts and shorts for the factory work would not be allowed to take them out of the factory was hung up in the Notice Board for information of the workmen. The workers without paying any heed to the notice defied the orders of the management and failed to comply with the said notice. On 26th December 1961 and 27th December 1961 when the Durwan refused to allow the workmen to go out of the factory with the uniforms, the workmen in a body under the leadership of Jatin Das went to the Manager's room, held demonstration and went out of the factory forcibly with their uniforms on. Accordingly a charge-sheet was issued to Jatin Das on 30th December 1961 He submitted an explanation, dated 1st January 1962, in which he denied the charges against him. Further he alleged that the notice, dated 19th December 1961, was in cultailment of the existing privilege and was thus an illegal interruption to the service conditions of the workmen. Notices fixing the date for enquiry by the Company were sent to the employee which he acknowledged. But in spite of the said notice he did not turn up to take part in the enquiry proceeding. In the circumstances the Company held exparte enquiry. The Management after recording the evidence of the Factory Manager Shri S. Sen regarding the incident of 27th December 1961 found Jatin Das guilty of disobedience to carry out reasonable and lawful orders, inciting and instigating others, flouting the authority of the Company and bad conduct subversive to discipline. On these charges he was dismissed with effect from 16th March 1962.

**Findings**

It appears from the charge-sheet, dated 30th December 1961, that Jatin Das was asked to explain his conduct on three grounds as stated above. It has been stated in the charge-sheet that in spite of repeated request by the Durwan on duty to put off his uniform while leaving the factory premises he persistently refused to do so and left the factory with the uniform on. This is a sweeping charge and in the absence of specific date and time when the workmen refused to act up to the orders of the Company it is not possible to establish the charge. As regards the incident on 27th December 1961 which has been mentioned by the Company in their written statement, it does not form a part of the charge against the workmen. The charges as cited in the charge-sheet, dated 30th December 1961, were established by the Company from the evidence given by the Manager. No evidence was recorded from any of the three workmen, namely, Sripath Singh, Ramji Shaw and Panchanan Bhattacherjee who were said to have been incited and instigated by Jatin Das. It further appears that these three workmen, if not all the workmen of the Company, are equally guilty of the alleged charges which have been levelled against the workman concerned. No action has since been taken by the Company in respect of the other workmen. I consider that the charges against Jatin Das are not strong enough to warrant his dismissal. The Management should have taken a lenient view and could have dealt with the situation by administering warning to the workman.

In respect of the enquiry which needs consideration, the Company informed the workman of the date of enquiry on 31st January 1962 by registered post, which was duly acknowledged by him. It appears that he willingly refrained from taking part in the enquiry on 31st January 1962. With a view to giving the workman another chance to defend himself the Management fixed up another date for the enquiry and informed the workman under registered post which was also acknowledged by him on 10th February 1962. It appears strange that the Union also kept silent about the enquiry. The Management held the enquiry on 19th February 1962 in the absence of the workman. As is the case in most enquiries against the workmen in this country, the present workman and his Union maintained silence ignoring the intimations of the Company regarding the participation in the enquiry. The workman should have taken part in the enquiry and should have availed of the opportunity to defend himself.

Considering all the facts and circumstances of the case I find Jatin Das is disobedient to a certain extent but that does not warrant dismissal. He must abide by the orders of the Company. Accordingly I hold that the workman will lose the benefit of his past service for his failure to act up to the Company's order. It is awarded that Jatin Das should be reappointed within a month from the date of publication of this award in the "Calcutta Gazette." In case the workman does not turn up in due time, he will lose his job in default. The question of payment of compensation for the period of non-working does not arise at all.

Deputy Labour Commissioner,
West Bengal and Arbitrator.

## GOVERNMENT OF WEST BENGAL

## DEPARTMENT OF LOCAL SELF-GOVERNMENT AND PANCHAYATS

### RESOLUTION

No. 154/MI-49/62.— 11th January 1963.—The attention of Government has been drawn to the state of dead-lock that has arisen in the administration of the Konnagar municipality in the district of Hooghly as a result of resignations tendered by most of the commissioners of the said municipality. Out of a total number of twelve Commissioners of the municipality, two including the Vice-Chairman had resigned previously and recently six other commissioners, including the Chairman himself, have tendered their resignations. There are thus only four commissioners left out of whom one is already under preventive custody. The remaining three commissioners are not in a position to carry on the municipal administration according to law as their number is insufficient to form the quorum prescribed in section 82 of the Bengal Municipal Act, 1932. It has accordingly been reported to Government that the administration of the municipality has virtually come to a standstill and that it is not possible for the commissioners to carry on their work any more.

2. After very careful consideration, Government have come to the conclusion that the commissioners

of the Konnagar municipality have shown their incompetency to perform the duties imposed on them under the Bengal Municipal Act, 1932, and that the present state of affairs cannot be allowed to continue further without serious detriment to the interests of the inhabitants of the municipality specially in view of the present emergency.

3. In exercise of the power conferred by sub-section (1) of section 553 of the Bengal Municipal Act, 1932 (Bengal Act XV of 1932), the Governor is, therefore, pleased to declare the commissioners of the Konnagar municipality to be incompetent and to supersede them for a period of two years, with effect from the 12th January 1963.

4. Ordered that this resolution be published in the "Calcutta Gazette".

By order of the Governor,

A. K. DATTA,

Jt. Secy. to the Govt. of West Bengal.

## STATEMENT OF OBJECTS AND REASONS

Several amendments to the Constitution have been under consideration for a long time. The Constitution (Fifth Amendment) Bill was introduced in Lok Sabha in November, 1955, to give effect to some of them. For various reasons, the Bill could not be proceeded with, and it was allowed to lapse except the one relating to the amendment of article 3 of the Constitution. This article was amended separately by the Constitution (Fifth Amendment) Act, 1955. The present Bill contains some of the proposals included in the Constitution (Fifth Amendment) Bill and, in addition, there are a few more proposals for amendment of the Constitution. The proposals relating to articles 276, 297, 311 and 316 of the Constitution were contained in the Constitution (Fifth Amendment) Bill and they have been adopted with some minor modifications. The new proposals relate to articles 124, 128, 217, 220, 222, 224A, 226 and entry 78 of the Union List.

2. It is proposed to amend article 217 so as to raise the age of retirement of High Court Judges from sixty years to sixty-two years. When any question arises to the correct age of a Judge of the Supreme Court or of a High Court, the question has to be decided by the President. It is proposed to make the position clear by making a specific provision in articles 124 and 217. It is considered desirable in the public interest that Judges should be transferred from one High Court to another. Such transfer is expected to impose additional financial burden on the Judge who is so transferred. It is, therefore, proposed to pay him some compensatory allowance in addition to his salary. When a Judge is transferred from one High Court to another, he cannot, in view of the provisions of article 220, resume practice in any of the High Courts in which he has held office as a Judge. The provisions of article 220 therefore put a check on the proposals for the transfer of any Judge of a High Court. It is, therefore, proposed to amend article 220 so that the restriction regarding resumption of practice should apply only to the High Court from which the Judge retires, provided that he had served in that High Court for a period of at least five years immediately before retirement. Such a provision would facilitate the transfer of Judges. Under the existing article 226 of the Constitution, the only High Court which has jurisdiction with respect to the Central Government is the Punjab High Court. This involves considerable hardship to litigants from distant places. It is, therefore, proposed to amend article 226 so that when any relief is sought against any Government, authority or person for any action taken, the High Court within whose jurisdiction the cause of action arises may also have jurisdiction to issue appropriate directions, orders or writs. The other new proposals are of a minor character.

3. The notes on clauses appended to the Bill explain the provisions thereof.

A. K. SEN.

NEW DELHI;

*The 14th November,* 1962.

*Notes on clauses*

Clause 2.—Under clause (2) of article 124, a Judge of the Supreme Court holds office until he attains the age of 65 years. When, however, any question arises as to the correct age of a Judge, it has to be decided by the President. It is considered desirable to have a specific provision to make the position clear. This clause seeks to achieve this object.

Clause 3.—Cases have arisen when, due to the absence of a Judge or Judges of the Supreme Court for any reason, it has become necessary to require the attendance of a retired Judge of the Supreme Court at the sittings of the Court. The number of retired Supreme Court Judges being small, and in view of the age of retirement provided for Supreme Court Judges, this field cannot be expected to be wide at any time. It is, therefore, necessary to suitably amend article 128 so as to enable the Chief Justice of India, with the previous consent of the President, to require the attendance of a retired Judge of a High Court, who is duly qualified for appointment as a Judge of the Supreme Court, at the sittings of the Supreme Court. This clause seeks to amend article 128 for achieving the abovementioned object.

Clause 4.—Under article 217, a Judge of a High Court is entitled to hold office until he attains the age of 60 years. The Law Commission in their Fourteenth Report had recommended that the retiring age be raised to sixty-five years. It was felt that the retiring age should be raised to sixty-two years. It is proposed to amend clause (1) of article 217 to raise the retiring age from 60 to 62 years.

It is also proposed to insert a new clause (3) in article 217 to make a specific provision enabling the President to determine the age of a Judge of a High Court. In some cases, decision has already been taken by Government determining the age of a Judge. It is, therefore, proposed to give retrospective effect to this clause.

Clause 5.—If a permanent Judge of a High Court is transferred to one or more High Courts, he cannot, in view of the provisions of article 220, resume practice after retirement in any of the High Courts in which he had held office as a Judge. The provisions of article 220, therefore, put a check on the proposal for the transfer of any Judge of a High Court. It is considered that a provision should be made to the effect that when a Judge is transferred from one High Court to another, the restriction regarding resumption of practice, after retirement, should apply only to the High Court from which the Judge retires, provided that the Judge had served in the High Court for a period of at least five years immediately before retirement. Such a provision would facilitate the transfer of Judges of the High Courts. This clause seeks to achieve this object.

Clause 6.—The transfer of a Judge from one High Court to another is expected to impose additional financial burden on the Judge who is transferred. Hence it is proposed to pay to the Judge some compensatory allowance in addition to his salary. It is proposed that such compensatory allowance may be fixed by Parliament by law and until so determined, it may be fixed by an order of the President. This clause seeks to amend article 222 for the purpose.

Clause 7.—This clause amends article 224 on the lines proposed in respect of clause (1) of article 217.

Clause 8.—This clause seeks to insert a new article, namely, article 224A, which would enable the Chief Justices of the State High Courts, with the previous consent of the President, to require the attendance of retired High Court Judges at the sittings of the High Courts.

Clause 9.—The recent decision of the Supreme Court, reported in A.I.R. (1961) S.C. 532, has established beyond doubt that as the seat of the Government of India is in New Delhi, the only High Court which will have jurisdiction under article 226 with respect to the Central Government would be the Punjab High Court. This would involve hardship to litigants from distant places. It is, therefore, necessary to amend article 226 so that the High Court within whose jurisdiction the cause of action arises may also have jurisdiction to issue directions, orders or writs to any Government, authority or person, notwithstanding that the seat of such Government or authority or the residence of such person is outside the territorial jurisdiction of the High Court.

Clause 10.—The ceiling of Rs. 250 fixed by clause (2) of article 276 as the maximum leviable by way of taxes by local authorities on professions, trades, callings and employments in respect of any person is considered to be too low. It is, therefore, proposed to raise the limit to Rs. 500.

Clause 11.—India's sovereign rights under International Law over the sea-bed and sub-soil of the continental shelf adjoining its territory and beyond its territorial waters have already been asserted in a President's proclamation. As a corollary to that proclamation, article 297 is sought to be amended suitably by this clause.

Clause 12.—Article 311 is being amended so as—

(a) to make it clear that only one opportunity should be given to a Government servant in respect of any departmental enquiry against him; and

(b) to ensure that reduction in rank does not stand on a par with the more severe punishments of dismissal or removal from service and thus get a constitutional safeguard.

Clause 13.—There is no provision in article 316 for the appointment of an acting Chairman of a Public Service Commission when that office is vacant or when the permanent Chairman is on leave or is otherwise unable to perform the duties of his office. It is accordingly proposed to amend article 316 to provide for such appointment.

Clause 14.—A special Bench of the Calcutta High Court made an observation in the case reported in 65 C.W.N. 920, to the effect that the expression "organisation" occurring in entry 78 of List I of the Seventh Schedule to the Constitution does not include "vacations". The present clause seeks to amend the said entry with a view to make it clear that the expression "organisation" occurring therein includes "vacations". It is proposed to give retrospective effect to the proposed amendment.

## FINANCIAL MEMORANDUM

Clause 3 of the Bill provides for the appointment of a retired Judge of a High Court to sit and act as a Judge of the Supreme Court. This only enlarges the field of appointment of Judges already existing under article 128 of the Constitution and does not involve any additional expenditure.

2. Clause 4 of the Bill provides for the raising of the age of retirement of a High Court Judge from 60 to 62 years. Clause 7 similarly provides that an Additional Judge can continue to hold office up to the age of 62. This would result in increased pensions in certain cases. The pensions payable to the Judges are first charged on the Consolidated Fund of India under article 112(3)(d) of the Constitution, but these amounts are subsequently recovered from the States concerned under article 290 of the Constitution.

3. Clause 6 of the Bill provides for the payment of compensatory allowance to a Judge on his transfer from one High Court to another. The additional expenditure on this account will depend on the number of Judges transferred and the exact allowances fixed. It is not possible to give an accurate estimate of the amount of extra expenditure involved. This addition, however, would not be on the Consolidated Fund of India but on the Consolidated Fund of the States concerned.

4. Clause 8 of the Bill provides for the appointment of a retired High Court Judge to sit and act as a Judge of a High Court. Some additional expenditure will be involved when such an appointment is made, and it will be a charge on the Consolidated Fund of the State concerned.

5. It will thus appear that ultimately no additional expenditure from the Consolidated Fund of India would be involved.
